moon river sheet music pdf: Henry Mancini John Caps, 2012-02-15 Through film composer Henry Mancini, mere background music in movies became part of pop culture--an expression of sophistication and wit with a modern sense of cool and a lasting lyricism that has not dated. The first comprehensive study of Mancini's music, *Henry Mancini: Reinventing Film Music* describes how the composer served as a bridge between the Big Band period of World War II and the impatient eclecticism of the Baby Boomer generation, between the grand formal orchestral film scores of the past and a modern American minimalist approach. Mancini's sound seemed to capture the bright, confident, welcoming voice of the middle class's new efficient life: interested in pop songs and jazz, in movie and television, in outreach politics but also conventional stay-at-home comforts. As John Caps shows, Mancini easily combined it all in his music. Mancini wielded influence in Hollywood and around the world with his iconic scores: dynamic jazz for the noirish detective TV show *Peter Gunn*, the sly theme from *The Pink Panther*, and his wistful folk song *Moon River* from *Breakfast at Tiffany's*. Through insightful close readings of key films, Caps traces Mancini's collaborations with important directors and shows how he homed in on specific dramatic or comic aspects of the film to create musical effects through clever instrumentation, eloquent musical gestures, and meaningful resonances and continuities in his scores. Accessible and engaging, this fresh view of Mancini's oeuvre and influence will delight and inform fans of film and popular music. John Caps is an award-winning writer and producer of documentaries. moon river sheet music pdf: The Yellow Wallpaper Illustrated Charlotte Perkins Gilman,

2021-01-04 The Yellow Wallpaper is a short story by American writer Charlotte Perkins Gilman, first published in January 1892 in The New England Magazine.[1] It is regarded as an important early work of American feminist literature, due to its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the unnamed woman is forbidden from working, and is encouraged to eat well and get plenty of air, so she can recuperate from what he calls a temporary nervous depression - a slight hysterical tendency, a diagnosis common to women during that period
