october sky movie questions and answers: *They Poured Fire on Us From the Sky* Benjamin Ajak, Benson Deng, Alephonsion Deng, Judy A. Bernstein, 2015-08-11 The inspiring story of three young Sudanese boys who were driven from their homes by civil war and began an epic odyssey of survival, facing life-threatening perils, ultimately finding their way to a new life in America. Between 1987 and 1989, Alepho, Benjamin, and Benson, like tens of thousands of young boys, took flight from the massacres of Sudan's civil war. They became known as the Lost Boys. With little more than the clothes on their backs, sometimes not even that, they streamed out over Sudan in search of refuge. Their journey led them first to Ethiopia and then, driven back into Sudan, toward Kenya. They

walked nearly one thousand miles, sustained only by the sheer will to live. They Poured Fire on Us from the Sky is the three boys' account of that unimaginable journey. With the candor and the purity of their child's-eye-vision, Alephonsian, Benjamin, and Benson recall by turns: how they endured the hunger and strength-sapping illnesses-dysentery, malaria, and yellow fever; how they dodged the life-threatening predators-lions, snakes, crocodiles and soldiers alike-that dogged their footsteps; and how they grappled with a war that threatened continually to overwhelm them. Their story is a lyrical, captivating, timeless portrait of a childhood hurled into wartime and how they had the good fortune and belief in themselves to survive.

october sky movie questions and answers: *Annihilation* Jeff VanderMeer, 2014-02-04 A MAJOR MOTION PICTURE FROM ALEX GARLAND, STARRING NATALIE PORTMAN AND OSCAR ISAAC The Southern Reach Trilogy begins with *Annihilation*, the Nebula Award-winning novel that reads as if Verne or Wellsian adventurers exploring a mysterious island had warped through into a Kafkaesque nightmare world (Kim Stanley Robinson). Area X has been cut off from the rest of the continent for decades. Nature has reclaimed the last vestiges of human civilization. The first expedition returned with reports of a pristine, Edenic landscape; the second expedition ended in mass suicide; the third expedition in a hail of gunfire as its members turned on one another. The members of the eleventh expedition returned as shadows of their former selves, and within weeks, all had died of cancer. In *Annihilation*, the first volume of Jeff VanderMeer's Southern Reach trilogy, we join the twelfth expedition. The group is made up of four women: an anthropologist; a surveyor; a psychologist, the de facto leader; and our narrator, a biologist. Their mission is to map the terrain, record all observations of their surroundings and of one another, and, above all, avoid being contaminated by Area X itself. They arrive expecting the unexpected, and Area X delivers—they discover a massive topographic anomaly and life forms that surpass understanding—but it's the surprises that came across the border with them and the secrets the expedition members are keeping from one another that change everything.

october sky movie questions and answers: *We Are Not Afraid* Homer Hickam, 2002-02-01 Today, fear affects even the strongest of us. Sometimes it's immediate, caused by a sense of imminent danger—the kind we felt after terrorists destroyed the magnificent World Trade Center, tore a giant wound in the Pentagon and killed thousands of people. But sometimes fear becomes a normal way of life. In his best-selling memoir *October Sky* (aka *Rocket Boys*), Hickam introduced us to the rugged town of his youth, Coalwood, West Virginia, and the people who took on the hazardous and often brutal enterprise of coal mining. To survive and prosper, these people relied on an approach to living that would get them through hard times with an almost unnatural resilience. Over a lifetime, they learned to take on these attitudes: We are proud of who we are. We stand up for what we believe. We keep our families together. We trust in God but rely on ourselves. These attitudes are summed up in the Coalwood Assumption: WE ARE NOT AFRAID. Through poignant memories of his youth, best selling author Homer Hickam helps lead you beyond fear to find the courage and strength to live more happily and look toward to future with optimism.
