on eagle s wings pdf: On Eagle's Wings David O. Oyedepo, 2013

on eagle s wings pdf: On Eagles' Wings David J Cohen, Michael Parsons, 2008-12-18 This is a volume of practical, scriptural, and contemporary essays exploring the idea of strength in weakness in the context of Christian life and ministry. Biblical scholars, theologians, and Christian ministry practitioners have thought about the biblical paradigm of strength in weakness within their own areas of expertise and interest. Biblical scholars encounter the idea of strength in weakness in both Old and New Testament passages that suggest human weakness and divine strength. The people of Israel, a community reliant on grace, exemplify this theme. Mark's portrayal of Jesus Christ indicates that it is in weakness that Christ saves. Paul's paradigm for ministry suggests the same. Theological chapters engage this teaching of strength in weakness as it surfaces in Luther's life, in Calvin's view of prayer, in Barth's theology, and ultimately in the divine dealing with the world. Pastoral theology demonstrates this theme's foundational significance for a suffering church in its mission to the world as well as the theme's importance for preaching the leading of God's people today. Drawing together scholars from fields of biblical studies, systematic theology, and pastoral theology, On Eagles' Wings questions the over-emphasis on power in today's church. The authors propose various ways that ministry and mission may be best engaged with a biblical humility and with reliance on God's grace.

The Lectures on Faith were originally prepared as materials for the School of the Prophets in Kirtland, Ohio in 1834 and were included in the Doctrine and Covenants from 1835 to

1921. Although the Lectures on Faith have never been accepted as revelation by the body of the church (and so were removed from the Doctrine and Covenants in 1921), they contain important doctrinal insights that can help anyone seeking to learn more about faith and come closer to Heavenly Father and Jesus Christ. President Joseph Fielding Smith noted, "I suppose that the rising generation knows little about the Lectures on Faith. . . . In my own judgment, these Lectures are of great value and should be studied. . . . I consider them to be of extreme value in the study of the gospel of Jesus Christ." (Joseph Fielding Smith, *Seek Ye Earnestly*. Salt Lake City: Deseret Book, 1970.) Elder Bruce R. McConkie of the Quorum of the Twelve Apostles has stated the lectures contain "some of the best lesson material ever prepared on the Godhead; on the character, perfections, and attributes of God; on faith, miracles, and sacrifice. They can be studied with great profit by all gospel scholars." (Bruce R. McConkie, *Mormon Doctrine*. Salt Lake City: Bookcraft, 1966.)

on eagle s wings pdf: **Command Of The Air** General Giulio Douhet, 2014-08-15 In the

pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision—that command of the air is all important in modern warfare—has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

Yun Ching, 2017-10-16 In the magical time between night and day, when both the sun and the moon are in the sky, a child is born in a little blue house on a hill. And Miu Lan is not just any child, but one who can change into any shape they can imagine. The only problem is they can't decide what to be: A boy or a girl? A bird or a fish? A flower or a shooting star? At school, though, they must endure inquisitive looks and difficult questions from the other children, and they have trouble finding friends who will accept them for who they are. But they find comfort in the loving arms of their mother, who always offers them the same loving refrain: whatever you dream of / i believe you can be / from the stars in the sky to the fish in the sea. In this captivating, beautifully imagined picture book about gender, identity, and the acceptance of the differences between us, Miu Lan faces many questions about who they are and who they may be. But one thing's for sure: no matter what this child becomes, their mother will love them just the same. Kai Cheng Thom is a writer, performance artist, and psychotherapist in Toronto. Her first poetry book, a Place Called No Homeland, was published in 2017. Kai Yun Ching is a community-based organizer, educator, and illustrator in Montreal. For centuries, these seemingly larger-than-life birds have fascinated and inspired us with their brilliant leadership characteristics. When eagles come to mind, people commonly imagine an enormous hunter soaring above wide-open spaces on out-sized wings. Indeed, eagles are among the world's largest birds of prey. We venerate them as living symbols of power, freedom, and transcendence. In some religions, these creatures are believed to touch the face of God. Legend holds that Mexico's Aztec civilizations so revered the birds that they built Tenochtitlan, their capital, at the spot where an eagle perched on a cactus. on eagle s wings pdf: *Sons of God Awake* Bill Britton, 2016-09-15 In this visionary and ground-breaking book, Bill Britton describes the unfolding revelation of Jesus Christ in His Sons, the corporate Body of Christ on earth, and provides a tantalizing glimpse of a new dimension of ministry not yet fully manifested where the Sons of God will break through the veil of the Holy of Holies into the full experience of Sonship. We know this is true because Jesus, the Pattern Son, has already entered into this realm as our Forerunner, and where Jesus goes, His Sons will follow. In six concise and compelling chapters, the author presents a stunning picture of a ministry without limitation that will be entered into by fully mature Sons of God. This soon-to-be-revealed ministry will operate in a new dimension beyond justification and Holy Spirit baptism, the first two crucial steps; a realm of life and restoration, for which all creation yearns. Jesus Himself, in His deity and humanity, brought a taste of heaven to earth and revealed His plan to share His glory with a Company of Sons conformed to His image. Jesus is the 41st generation from King David in Matthew chapter one. This Company of Sons is the 42nd generation, with whom and through whom He will rule over all things.
