rainbow connection sheet music: The Humanitarian Fix Joe Cropp, 2021-01-17 This book investigates how humanitarians balance the laws and principles of civilian protection with the realities of contemporary warzones, where non-state armed actors assert cultural, political and religious traditions that are often at odds with official frameworks. This book argues that humanitarian protection on the ground is driven not by official frameworks in the traditional sense, but by the relationships between the complex mix of actors involved in contemporary wars. The frameworks, in turn, act as a unifying narrative that preserves these relationships. As humanitarian practitioners navigate this complex space, they act as unofficial brokers, translating the official frameworks to align with the often-divergent agendas of non-state armed actors. In doing so, they provide an unofficial humanitarian fix for the challenges inherent in applying the official frameworks in contemporary wars. Drawing on rich ethnographic observations from the author's time in northern Iraq, and complemented by interviews with a range of fieldworkers and humanitarian policy makers and lawyers, this book will be a compelling read for researchers and students within humanitarian and development studies, and to practitioners and policy makers who are grappling with the contradictions this book explores.

rainbow connection sheet music: Here Comes Kitty Richard Jacob Kraft, Danielle Dutton,

2015 In this wildly irreverent collage narrative, Los Angeles artist Richard Kraft reassembles a pre-perestroika era comic about a Polish spy infiltrating the Nazis, orchestrating a multiplicity of voices into joyous cacophony. Like an Indian miniature painting, each comic book page is densely layered, collapsing foreground and background, breaking the frame and merging time. An enormous cast of characters emerges as Kraft appropriates images and texts from an extraordinary variety of sources (the Amar Chitra Katha comics of Hindu mythology, Jimmy Swaggart's Old and New Testament stories, the 1960s English football annual Scorchers, underground porn comics like Cherry, images from art history, outdated encyclopedias and more). Kraft constructs a world constantly in flux, rich with dark humor and revelatory nonsense. Writer Danielle Dutton's set of 16 interpolations punctuate the book using similar strategies of appropriation and juxtaposition to create texts that sing in the same arresting register as Kraft's collages. Here Comes Kitty also includes a conversation between poet Ann Lauterbach and artist Richard Kraft.

rainbow connection sheet music: Let's Never Talk About This Again Sara Faith Alterman, 2020-07-28 Samantha Irby meets Bettyville in this darkly funny and poignant memoir about love, loss, Alzheimer's, and reviving her father's pornographic writing career, from writer and Mortified

liveproducer Sara Faith Alterman. Twelve-year-old Sara enjoyed an G-rated existence in suburban New England, filled with over-the-top birthday cakes, Revolutionary War reenactments, and nerdy word games invented by her prudish father, Ira. But Sara's world changed for the icky when she discovered that Ira had been shielding her from the truth: that he was a campy sex writer who'd sold millions of books in multiple languages, including the wildly popular *Games You Can Play with Your Pussy*. Which was, to the naïve Sara's horror, not a book about cats. For decades the books remained an unspoken family secret, until Ira developed early onset Alzheimer's disease . . . and announced he'd be reviving his writing career. With Sara's help. In this cringeworthy, hilarious, and moving memoir, Sara shares the profound experience of discovering new facets of her father; once as a child, and again as an adult. *Let's Never Talk About This Again* is a must-read confessional from a woman who spent years trying to find humor in the perverse and optimism in the darkness, and succeeded.
