- Historical Background of the Ritual
- Core Elements of the Ritual Omega Psi Phi
- Significance and Symbolism in the Ritual
- Structure and Procedure of the Ceremony
- Roles and Responsibilities During the Ritual
- Ethical Principles and Brotherhood
- Maintaining Tradition and Legacy

Overview of Omega Psi Phi Fraternity

Omega Psi Phi is a historically African American fraternity founded in 1911 at Howard University. It emphasizes the development of strong character, academic excellence, and community service. The fraternity's values are encapsulated in its cardinal principles: manhood, scholarship, perseverance, and uplift. These principles guide the members' conduct and aspirations within the fraternity and beyond. Ritual omega psi phi plays a fundamental role in binding the fraternity's membership by establishing a shared experience that connects past, present, and future brothers.

Founding Principles and Objectives

The fraternity was established to foster high standards of scholarship and promote uplifting activities among African American men during a time of social adversity. The ritual is designed to communicate these founding objectives, instilling a deep sense of responsibility and commitment in

new members. It acts as a rite of passage, marking the transition from candidate to full-fledged brother.

Membership and Brotherhood

Membership in Omega Psi Phi is selective and involves a rigorous initiation process centered around the ritual. Brotherhood is more than a membership status; it is a lifelong bond reinforced by the ritual's teachings and ceremonies. This bond encourages unity, mutual support, and collective advancement within the fraternity and the larger community.

Historical Background of the Ritual

The ritual omega psi phi has evolved since the fraternity's inception in the early 20th century. Rooted in Masonic traditions and fraternal customs common among collegiate Greek-letter organizations, the ritual was carefully crafted to reflect the fraternity's unique identity and mission. Over time, it has been preserved with reverence, passed down with strict confidentiality to maintain its sanctity and effectiveness.

Origins and Development

The original ritual was influenced by the cultural and social context of the early 1900s, focusing on themes of resilience and empowerment for African American men. Its creators integrated symbolic language, secret signs, and formalized procedures that have continued to be integral to the fraternity's identity. Adjustments and refinements have been made across decades to reflect contemporary values while honoring tradition.

Confidentiality and Secrecy

The ritual is highly confidential, known only to initiated members. This secrecy ensures the integrity and solemnity of the ceremony, preventing dilution of its meaning. The exclusive nature of the ritual fosters a strong sense of privilege and honor among brothers, reinforcing the fraternity's cohesion and exclusivity.

Core Elements of the Ritual Omega Psi Phi

The ritual consists of several key components designed to educate, inspire, and bind fraternity members. These elements include symbolic readings, oaths, secret handshakes, and ceremonial regalia that embody the fraternity's values. Each part serves a specific purpose in conveying principles and creating a cohesive ritual experience.

Initiation Oath

One of the most critical moments in the ritual is the recitation of the initiation oath. This solemn pledge commits the candidate to uphold the fraternity's principles and maintain loyalty and honor throughout their membership. It emphasizes personal integrity, academic achievement, and community service.

Symbolism and Regalia

Symbols such as the fraternity's colors (royal purple and old gold), the Omega Psi Phi shield, and various ritualistic paraphernalia are integral to the ceremony. The regalia worn during the ritual often includes sashes, pins, and other insignia that signify rank and membership status. These symbols reinforce identity and serve as visual representations of the fraternity's heritage.

Secret Signs and Passwords

Members learn specific handshakes, signs, and passwords unique to Omega Psi Phi. These secret elements function as methods of identification and solidarity among brothers. They also serve as a reminder of the fraternity's exclusivity and the shared commitment of its members.

Significance and Symbolism in the Ritual

The ritual omega psi phi is rich with symbolism that conveys deeper meanings beyond the surface ceremony. These symbols reflect the fraternity's historical context, moral code, and aspirations for its members. Understanding this symbolism is essential to appreciating the full impact of the ritual.

Colors and Their Meaning

Royal purple and old gold are the fraternity's official colors and are prominently featured in the ritual. Purple symbolizes royalty, leadership, and dignity, while gold represents excellence, purity, and high achievement. Together, these colors inspire members to strive for greatness in all aspects of life.

The Omega Symbol

The Omega symbol, the last letter of the Greek alphabet, signifies the ultimate or final point, representing the fraternity's commitment to lasting legacy and enduring brotherhood. It also reflects the idea of completeness and perfection in the members' personal development.

Structure and Procedure of the Ceremony

The ritual follows a structured format that ensures consistency and solemnity across different chapters and times. It typically includes preparatory stages, the formal initiation ceremony, and

post-ritual activities designed to welcome new members into the brotherhood.

Preparation and Candidate Screening

Before the ritual, candidates undergo a thorough screening process to ensure they meet the fraternity's standards. Preparation includes studying the fraternity's history, values, and expectations. This stage is critical to preserving the ritual's seriousness and ensuring candidates' readiness.

The Initiation Ceremony

The ceremony itself is conducted in a private setting, often at a designated meeting place known as the "Chapter." It involves a series of formal steps, including the presentation of the candidate, the administration of the oath, symbolic rituals, and the introduction of the new member to the brotherhood. The atmosphere is solemn and respectful, emphasizing the gravity of the commitment being made.

Post-Ceremony Integration

After the ritual, new members are often guided through mentorship and educational programs to reinforce the fraternity's principles and ensure active participation in chapter activities. This integration phase is crucial for sustaining the fraternity's mission and supporting the personal growth of brothers.

Roles and Responsibilities During the Ritual

Various fraternity officers and members take on specific roles during the ritual to facilitate a smooth and meaningful ceremony. These roles include conducting the ritual, guiding candidates, and ensuring adherence to protocol.

Presiding Officers

The ceremony is typically overseen by senior officers such as the Grand Basileus (president), Grand Keeper of Records and Seals (secretary), and other appointed ritualists. These individuals are responsible for maintaining order, delivering key parts of the ritual, and safeguarding the ritual's integrity.

Candidates and Active Members

Candidates participate actively by responding to questions, reciting oaths, and demonstrating their understanding of the fraternity's principles. Active members support the candidates by providing guidance and encouragement throughout the process.

Ritual Team

A designated ritual team may conduct specific ceremonial aspects such as symbolic presentations and instructional segments. This team ensures the ritual is performed accurately and with the appropriate solemnity.

Ethical Principles and Brotherhood

The ritual omega psi phi not only serves as a ceremonial rite but also instills a strong ethical framework for fraternity members. It emphasizes values that promote personal development, accountability, and collective responsibility.

Manhood and Integrity

Members are urged to embody manhood through integrity, courage, and respect. The ritual highlights the importance of ethical behavior in all areas of life, reinforcing the expectation of honorable conduct.

Scholarship and Perseverance

Academic achievement and perseverance are pillars of the fraternity's mission. The ritual encourages members to pursue excellence in education and to remain steadfast in the face of challenges.

Community Uplift and Service

Uplift through service is a core tenet, with members committing to positively impacting their communities. The ritual reinforces this commitment, inspiring brothers to contribute meaningfully to societal progress.

Maintaining Tradition and Legacy

Preserving the ritual omega psi phi is vital for sustaining the fraternity's identity and legacy. The fraternity takes deliberate measures to ensure the ritual remains unchanged and meaningful across generations.

Training and Education

New and existing members receive ongoing training to understand and respect the ritual's significance. This education helps maintain the ritual's consistency and reverence.

Documentation and Preservation

Although the ritual is confidential, official documentation within the fraternity archives ensures its preservation. Chapters uphold strict guidelines for handling ritual materials to protect their sanctity.

Passing the Torch

Experienced members mentor younger brothers, transmitting the ritual's knowledge and values. This mentorship fosters continuity and strengthens the fraternity's future.

- Respect for tradition is fundamental to the fraternity's enduring influence.
- The ritual serves as a unifying experience for all members.
- Legacy-building is a shared responsibility among brothers.

Frequently Asked Questions

What is the significance of the ritual in Omega Psi Phi fraternity?

The ritual of Omega Psi Phi is a sacred tradition that emphasizes the fraternity's values of manhood, scholarship, perseverance, and uplift. It serves to bond members spiritually and uphold the organization's legacy.

Are Omega Psi Phi rituals secret?

Yes, many of the rituals and ceremonies in Omega Psi Phi are confidential and only shared with initiated members to preserve the fraternity's traditions and integrity.

When was the Omega Psi Phi ritual first established?

The ritual was established when Omega Psi Phi was founded on November 17, 1911, at Howard University, reflecting the founders' vision and principles.

What are some key elements of the Omega Psi Phi ritual?

Key elements include an initiation ceremony, recitation of fraternity principles, oath-taking, and symbolic acts that reinforce brotherhood and commitment to the fraternity's ideals.

Can non-members participate in Omega Psi Phi rituals?

No, participation in Omega Psi Phi rituals is restricted to initiated members to maintain the sanctity

and confidentiality of the fraternity's traditions.

How does the Omega Psi Phi ritual promote brotherhood among members?

The ritual fosters brotherhood by creating a shared, meaningful experience that connects members through common values, history, and commitments, strengthening their lifelong bonds.

Has the Omega Psi Phi ritual evolved over time?

While the core principles of the ritual remain intact, certain aspects have evolved to reflect contemporary values and ensure relevance while preserving the fraternity's heritage.

Additional Resources

1. Rituals and Traditions of Omega Psi Phi: An Insider's Guide

This book offers an in-depth exploration of the sacred rituals and time-honored traditions that define Omega Psi Phi Fraternity, Inc. It provides members and enthusiasts with a comprehensive understanding of the fraternity's ceremonial practices, symbolism, and their significance. Rich with historical context, it serves as both a tribute and a guide to preserving the fraternity's esteemed heritage.

2. The Omega Psi Phi Ritual Manual: Preserving the Legacy

A detailed manual that outlines the official rituals used within Omega Psi Phi, this book is an essential resource for new initiates and seasoned members alike. It covers the procedural aspects of ceremonies, the meaning behind various rites, and the spiritual and fraternal values they uphold. The text emphasizes the importance of adhering to tradition while fostering brotherhood.

3. Brotherhood and Ceremony: The Heart of Omega Psi Phi

Focusing on the intersection of ritual and brotherhood, this book delves into how Omega Psi Phi's ceremonies strengthen bonds among members. It includes personal narratives and reflections on the transformative power of ritual participation. Readers gain insight into how these practices contribute to personal growth and collective identity.

4. Symbols and Significance: Understanding Omega Psi Phi Rituals

This book decodes the rich symbolism embedded in the rituals of Omega Psi Phi. It explains the origins and meanings of various signs, gestures, and ceremonial objects used during official functions. By illuminating these symbols, the book enhances appreciation for the fraternity's cultural and historical depth.

5. The History and Evolution of Omega Psi Phi Rituals

Tracing the development of Omega Psi Phi's rituals from the fraternity's founding to the present day, this book highlights changes and continuities over time. It contextualizes rituals within broader social and historical movements affecting the fraternity. The book serves as both a historical record and a reflection on the fraternity's adaptability.

6. Initiation and Beyond: The Journey through Omega Psi Phi Rituals

This narrative-driven book follows the initiation process and subsequent ritual experiences of Omega Psi Phi members. It offers a step-by-step look at ceremonies, coupled with testimonials that reveal

the emotional and spiritual impact of these rites. The book is intended to prepare new members for what to expect and inspire lifelong commitment.

7. Guardians of Tradition: The Role of Ritualists in Omega Psi Phi

Highlighting the responsibilities and experiences of ritualists—those who lead and uphold ceremonial practices—this book examines their critical role in maintaining fraternity standards. It discusses training, challenges, and the honor associated with preserving ritual integrity. Readers learn about the dedication required to be a custodian of Omega Psi Phi's sacred traditions.

8. Rituals of Brotherhood: A Comparative Study of Omega Psi Phi and Other Black Fraternities

This scholarly work compares the ritual practices of Omega Psi Phi with those of other historically Black fraternities. It explores similarities and distinctions in ceremonial customs, symbolism, and cultural significance. The book provides a broader understanding of Black fraternal organizations and the unique place Omega Psi Phi occupies.

9. Living the Ritual: Personal Stories from Omega Psi Phi Members

Through a collection of essays and interviews, this book shares firsthand accounts of members' experiences with Omega Psi Phi rituals. It highlights how these ceremonies influence their lives, values, and sense of identity. The narratives emphasize the enduring power of ritual in shaping fraternity life and personal development.

Decoding the Omega: Understanding the Rituals of Omega Psi Phi Fraternity

Introduction: Setting the Stage - The Importance of Understanding Ritual

Understanding the rituals of any organization offers a unique lens through which to view its history, values, and aspirations. For Omega Psi Phi Fraternity, Inc., its rituals are not merely ceremonial acts; they are integral components of its identity and purpose. They represent the brotherhood's core values, its commitment to scholarship, manhood, uplift, and achievement, and its ongoing dedication to service and community engagement. This book aims to provide a respectful and informative exploration of these rituals, shedding light on their historical context, symbolic meanings, and enduring impact. It is intended to enhance appreciation for the organization, not to reveal secrets in a way that would compromise the integrity of the fraternity experience.

Chapter 1: The Historical Context of Omega Psi Phi Rituals - Tracing the Origins and Evolution of the Rituals

Omega Psi Phi Fraternity, founded in 1911 at Howard University, emerged during a time of significant social and political change for African Americans. The rituals developed in response to the unique challenges and aspirations of the era. Understanding this historical context is crucial to grasping the depth and significance of the rituals. Early rituals likely incorporated elements from existing fraternal organizations, adapted to reflect the fraternity's specific aims and the experiences of its Black founders. These founders consciously shaped the rituals to promote unity, intellectual growth, and social justice within a racially charged society.

The evolution of the rituals over time reflects the changing societal landscape and the fraternity's own growth and adaptation. While the core values and principles have remained consistent, the specific forms and practices may have undergone adjustments to reflect evolving norms and sensitivities. Researching historical documents, fraternity archives, and interviews with long-standing members provides valuable insight into this evolutionary process. This chapter delves into this historical trajectory, showcasing how the rituals have adapted while maintaining their fundamental purpose.

Chapter 2: Symbolic Analysis of Key Ritual Elements - Deciphering the Meaning Behind Symbols, Colors, and Gestures

The rituals of Omega Psi Phi are rich in symbolism. Colors, such as the cardinal purple and the royal blue, represent significant concepts integral to the fraternity's identity. Gestures, handshakes, and other symbolic actions carry layers of meaning, conveying a shared understanding and strengthening the bonds between brothers. This chapter will focus on a careful analysis of these key symbolic elements, exploring their origins and potential interpretations. The symbolic language used within the rituals transcends simple representation; it communicates profound ideas about community, leadership, scholarship, and service.

Understanding the symbolism requires a multi-layered approach. It necessitates exploring both the obvious and more nuanced meanings embedded within the ritual components. Each symbol should be considered within its historical context and in relation to other symbolic elements to provide a holistic interpretation. This chapter encourages critical thinking and offers multiple perspectives on understanding the richness and depth of the fraternity's symbolic language.

Chapter 3: The Role of Ritual in Brotherly Bond and Personal Growth - Exploring the Impact of Rituals on Members' Lives

The rituals are not merely symbolic; they actively shape the experiences of Omega Psi Phi members. Participation in rituals fosters a sense of belonging, reinforces fraternal bonds, and contributes to personal growth. The shared experience of the rituals creates a collective identity, strengthening the sense of brotherhood and fostering a supportive environment for members. The structured nature of the rituals provides opportunities for reflection, self-improvement, and the development of leadership skills.

This chapter explores the psychological and emotional impact of the rituals on individual members. It examines how the rituals contribute to the development of self-esteem, personal responsibility,

and social consciousness. It also analyzes the role of rituals in providing a framework for personal growth and transformation. Interviews with members and sociological studies of fraternal organizations will be used to illustrate the powerful influence of rituals on individual lives.

Chapter 4: Ritual and Community Engagement - Examining the Connection Between Rituals and the Fraternity's Community Service

Omega Psi Phi Fraternity is deeply committed to community service. Its rituals are intrinsically linked to this commitment, reflecting the fraternity's values of service to others and uplifting the community. The rituals serve as a reminder of the fraternity's social responsibilities and inspire members to actively participate in community engagement initiatives. This chapter explores the ways in which the rituals reinforce this commitment, examining the connection between the symbolic meanings of the rituals and the fraternity's actions within the community.

Examples of community engagement projects undertaken by the fraternity will be examined to illustrate the direct connection between the rituals and the organization's commitment to social justice. The chapter will analyze how the rituals reinforce the fraternity's dedication to community betterment.

Chapter 5: The Future of Ritual in Omega Psi Phi - Discussing the Challenges and Opportunities Facing the Fraternity's Ritual Practices

As society evolves, so too must the organizations within it. This chapter will address the challenges and opportunities facing the future of Omega Psi Phi's ritual practices. The chapter considers adapting rituals to remain relevant to younger generations while maintaining the core values and significance of the traditions. It will also explore ways to make the rituals more inclusive and representative of the diverse membership of the fraternity.

This chapter encourages proactive adaptation and innovation while preserving the historical significance of the rituals. It aims to stimulate discussion and thoughtful consideration of how Omega Psi Phi can best preserve and update its ritual practices for future generations of members.

Conclusion: Reflection and Continued Exploration -

Encouraging Further Engagement and Understanding

This book has provided a respectful and informative exploration of the rituals of Omega Psi Phi Fraternity, Inc. The aim has been to enhance understanding and appreciation of the fraternity's rich history, values, and contributions to society. The exploration of the rituals serves to strengthen the bonds of brotherhood, promote personal growth, and inspire community engagement. It's a journey of understanding and appreciation, not a full disclosure. The book invites further exploration and encourages continued engagement with the Fraternity's rich legacy.

FAQs

1. Are the rituals secret? While certain aspects are kept private within the fraternity, the overarching meaning and significance are explored within this book in a respectful manner.
2. What is the purpose of the rituals? The rituals aim to build brotherhood, foster personal growth, reinforce values, and inspire community service.
3. How do the rituals relate to the fraternity's history? The rituals evolved alongside the fraternity, reflecting its historical context and ongoing commitment to its founding principles.

ritual omega psi phi: Soulstepping Elizabeth Calvert Fine, 2003 Stepping is a complex performance that melds folk traditions with popular culture and involves synchronized percussive movement, singing, speaking, chanting, and drama. Elizabeth C. Fine's stunningly elaborate and vibrant portrayal of the cultural politics of stepping draws on interviews with individuals on college campuses and steppers and stepping coaches from high schools, community groups, churches, and dance organizations. Soulstepping is the first book to document the history of stepping, its roots in African and African American culture, and its transformation by churches, schools, and social groups into a powerful tool for instilling group identity and community involvement.

ritual omega psi phi: With Faith in God and Heart and Mind Maurice J. Hobson, Eddie R. Cole, Jim C. Harper, Derrick P. Alridge, 2025-05-01 When Edgar A. Love, Oscar J. Cooper, Frank Coleman, and Ernest Everett Just founded the historically Black fraternity Omega Psi Phi on November 17, 1911, at Howard University, they could not have known how great of an impact their organization would have on American life. Over the 110 years that followed, its members led colleges and universities; served in prominent military roles; made innumerable contributions to education, civic society, science, and medicine; and at least one campaigned for the US presidency. This book offers a comprehensive, authoritative history of the fraternity, emphasizing its vital role through multiple eras of the Black freedom struggle. The authors address both the individual work of its membership, which has included such figures as Carter G. Woodson, Bayard Rustin, Roy Wilkins, James L. Farmer Jr., Benjamin Elijah Mays, James Clyburn, Jesse Jackson, and Benjamin

Crump, and the collective efforts of the fraternity's leadership to encourage its general membership to contribute to the struggle in concrete ways over the years. The result is a book that uniquely connects the 1910s with the present, showing the ongoing power of a Black fraternal organization to channel its members toward social reform.

ritual omega psi phi: *The Hazing Reader* Hank Nuwer, 2004 Despite numerous highly publicized incidents and widespread calls for reform, hazing continues to plague many of the nation's institutions. In this volume, noted hazing researcher Hank Nuwer presents 15 essays that can help all of us, parent and professional alike, better understand the culture of hazing.

ritual omega psi phi: *The American Fraternity* Cynthia Robinson, 2018 The American Fraternity is a photobook that provides an intimate and provocative look at Greek culture on college campuses by combining contemporary photographs with scanned pages from a wax-stained 60 year old ritual manual. This book will shed new light on the peculiarities of the fraternal orders which count seventy-five percent of modern U.S. presidents, senators, justices, and executives among their members. These mysterious campus organizations are filled with arcane oaths and ceremonies and this book attempts to capture within its pages some of this dark power--Publisher's website, January 23, 2019.

ritual omega psi phi: *The True Alpha and Omega* Minister Jerrod Smith, Brother Clifton Lucas, 2011-06-20 This book exposes the true nature and culture of fraternities and sororities. In these secret societies there are activities and requirements that cause prospective members and members alike to unknowingly enter into ungodly pacts and covenants. These ungodly practices lead to activities which include physical abuse, fornication, adultery, hatred, envy, strife, manipulation, social and intellectual elitism, abominable sexual activities and witchcraft. These organizations attract people that are looking for something that only Christ Jesus can provide. However, the organizations appear as a light by their community service and networking abilities. This light however is a false light. Once one gets into the inner workings of the organizations, the sin and soul inflicting antics are found deeply rooted in darkness. The authors being former members that participated in ungodly activities within these organizations expose the physical, mental, sexual and spiritual death-dealing activities found in fraternities and sororities. This is by no means a kiss and tell composition, but it is a trying to save people from hell exposition. Actual accounts of sexual requirements, abuse, ancient ungodly spiritual practices, witchcraft, and required chants which denounce the existence of the One True God are given in detail in this book. Ungodly spirits of old have found new vessels to operate in through these fraternities and sororities. The good thing about this book is that it not only exposes spiritual wickedness and old ungodly practices, but it shows people who want to be free how to find God, the Ancient of Days. Let the Truth be told. We encourage you to read this book if you are joining a fraternity or sorority, are a member of one, are a pastor, or have a loved one in one of these organizations. We desire for all to be free and blessed by this book.

ritual omega psi phi: *Before You Pledge: Essential Information You Should Know About the Divine Nine* Dr. Michael J. R. Winfield, *Before You Pledge: Essential Information You Should Know About the Divine Nine* is an important read for all those considering joining a Black Greek Letter Organization or for anyone wanting to simply learn about the origin of this august body of black men and women. The dawn of the twentieth century brought many challenges to young African American students seeking enrollment at all-white college campuses. Intense racial prejudice forced many black students to leave predominantly white universities. And at the same time, on Historically Black College campuses, the desire for fellowship through shared social experiences led to the rise of Black Greek life, starting with Cornell University in New York. Alpha Phi Alpha, the first black fraternity formed at a predominantly white university in 1906, would point the way for similar organizations to develop. Between 1906 and 1922, eight Black Greek Letter Organizations were formed, with a ninth in 1963. Known collectively as the "Divine Nine," these five fraternities and four sororities would go on to shape the course of Black America. Together, these young black men and women would face down racial prejudice, take the lead in the fight for social justice, in the end,

reshape the American cultural landscape. Finally, no other group of people can claim to have the sheer degree of accomplishments in all areas of human activity in the United States and in many other parts of the world compared to the Divine Nine.

ritual omega psi phi: Black Greek 101 Walter M. Kimbrough, 2003 When members of Black fraternal organizations and non-members alike finish Black Greek 101, they will have a foundation for understanding some of the most interesting organizations that have influenced not only campus culture, but American culture as a whole.--Jacket.

ritual omega psi phi: Greek Letter Exposed Rayford L. Johnson, 2024-02-26 Ever wondered why secret societies are secret? Why is it that an overwhelming majority of elite leaders in America, including those who've occupied the highest office, have belonged to an organization in the vast network of secret societies, whose rituals and teachings derived from the ancient mystery schools of Egypt and Babylon? Why is death the penalty for breaking a secret society oath? Why do they pay homage to pagan gods and goddesses? Why do many self-proclaimed Christians belong to these secret societies, when their practices blatantly violate God's Commandments, such as Exodus 20:3, which states, "Thou shalt have no other gods before me? And why don't their pastors say anything about it? Is there a secret motive behind the positive PR that many of these secret organizations receive for their good deeds such as feeding programs, scholarships, volunteering, youth mentoring, etc. that even the lower ranking members of these societies don't know about? Could today's network of these secret societies be the architects and workers of the antichrist' New World Order aka "Illuminati, as prophesied in the Holy Bible? These questions and more will be answered by author and Evangelist Rayford L. Johnson, who has spent more than 20 years researching, writing and teaching on the occult. Johnson has counseled and ministered demon deliverance prayers on many former members of the occult. Many of them have testified that they have been set free by the power of Jesus Christ from the spiritual torment and generational curses that the pagan rituals and oaths have unknowingly brought upon them and even their family through the "spiritual legalities" of breaking God's commandments. "The Truth Shall Make You Free." John 8:32

ritual omega psi phi: **African American Fraternities and Sororities** Tamara L. Brown, Gregory S. Parks, Clarendia M. Phillips, 2012-01-01 This second edition includes new chapters that address issues such as the role of Christian values in black Greek-letter organizations and the persistence of hazing. Offering an overview of the historical, cultural, political, and social circumstances that have shaped these groups, African American Fraternities and Sororities explores the profound contributions that black Greek-letter organizations and their members have made to America.

ritual omega psi phi: **The Triangle of Mu Phi Epsilon** Mu Phi Epsilon, 1923

ritual omega psi phi: Encyclopedia of African American Popular Culture [4 volumes] Jessie Smith, 2010-12-17 This four-volume encyclopedia contains compelling and comprehensive information on African American popular culture that will be valuable to high school students and undergraduates, college instructors, researchers, and general readers. From the Apollo Theater to the Harlem Renaissance, from barber shop and beauty shop culture to African American holidays, family reunions, and festivals, and from the days of black baseball to the era of a black president, the culture of African Americans is truly unique and diverse. This diversity is the result of intricate customs forged in tightly woven communities—not only in the United States, but in many cases also stemming from the traditions of another continent. Encyclopedia of African American Popular Culture presents information in a traditional A-Z organization, capturing the essence of the customs of African Americans and presenting this rich cultural heritage through the lens of popular culture. Each entry includes historical and current information to provide a meaningful background for the topic and the perspective to appreciate its significance in a modern context. This encyclopedia is a valuable research tool that provides easy access to a wealth of information on the African American experience.

ritual omega psi phi: **African Americans and the Bible** Vincent L. Wimbush, 2012-09-01

Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans. From literature and the arts to popular culture and everyday life, the Bible courses through black society and culture like blood through veins. Despite the enormous recent interest in African American religion, relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible. *African Americans and the Bible* is the fruit of a four-year collaborative research project directed by Vincent L. Wimbush and funded by the Lilly Endowment. It brings together scholars and experts (sixty-eight in all) from a wide range of academic and artistic fields and disciplines--including ethnography, cultural history, and biblical studies as well as art, music, film, dance, drama, and literature. The focus is on the interaction between the people known as African Americans and that complex of visions, rhetorics, and ideologies known as the Bible. As such, the book is less about the meaning(s) of the Bible than about the Bible and meaning(s), less about the world(s) of the Bible than about how worlds and the Bible interact--in short, about how a text constructs a people and a people constructs a text. It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general. Thus *African Americans and the Bible* provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed.

ritual omega psi phi: Black Greek-Letter Organizations 2.0 Matthew W. Hughey, Gregory S. Parks, 2011-02-18 At the turn of the twentieth century, black fraternities and sororities, also known as Black Greek-Letter Organizations (BGLOs), were an integral part of what W.E.B. Du Bois called the "talented tenth." This was the top ten percent of the black community that would serve as a cadre of educated, upper-class, motivated individuals who acquired the professional credentials, skills, and capital to assist the race to attain socioeconomic parity. Today, however, BGLOs struggle to find their place and direction in a world drastically different from the one that witnessed their genesis. In recent years, there has been a growing body of scholarship on BGLOs. This collection of essays seeks to push those who think about BGLOs to engage in more critically and empirically based analysis. This book also seeks to move BGLO members and those who work with them beyond conclusions based on hunches, conventional wisdom, intuition, and personal experience. In addition to a rich range of scholars, this volume includes a kind of call and response feature between scholars and prominent members of the BGLO community.

ritual omega psi phi: Encyclopedia of African American History, 1896 to the Present: D-I, 2009 Alphabetically-arranged entries from D to I that explores significant events, major persons, organizations, and political and social movements in African-American history from 1896 to the twenty-first-century.

ritual omega psi phi: White Boy Mark Naison, 2010-06-04 How does a Jewish boy who spent the bulk of his childhood on the basketball courts of Brooklyn wind up teaching in one of the city's pioneering black studies departments? Naison's odyssey begins as Brooklyn public schools respond to a new wave of Black migrants and Caribbean immigrants, and established residents flee to virtually all-white parts of the city or suburbs. Already alienated by his parents' stance on race issues and their ambitions for him, he has started on a separate ideological path by the time he enters Columbia College. Once he embarks on a long-term interracial relationship, becomes a member of SDS, focuses his historical work on black activists, and organizes community groups in the Bronx, his immersion in the radical politics of the 1960s has emerged as the center of his life. Determined to keep his ties to the Black community, even when the New Left splits along racial lines, Naison joined the fledgling African American studies program at Fordham, remarkable then as now for its commitment to interracial education. This memoir offers more than a participant's account of the New Left's racial dynamics; it eloquently speaks to the ways in which political commitments emerge from and are infused with the personal choices we all make.

ritual omega psi phi: Youth Cultures in America [2 volumes] Simon J. Bronner, Cindy Dell Clark, 2016-03-21 What are the components of youth cultures today? This encyclopedia examines the facets of youth cultures and brings them to the forefront. Although issues of youth culture are

frequently cited in classrooms and public forums, most encyclopedias of childhood and youth are devoted to history, human development, and society. A limitation on the reference bookshelf is the restriction of youth to pre-adolescence, although issues of youth continue into young adulthood. This encyclopedia addresses an academic audience of professors and students in childhood studies, American studies, and culture studies. The authors span disciplines of psychology, sociology, anthropology, history, and folklore. The Encyclopedia of Youth Cultures in America addresses a need for historical, social, and cultural information on a wide array of youth groups. Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults. Widespread reports of bullying, school violence, dominance of athletics over academics, and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems.

ritual omega psi phi: Encyclopedia of African American History, 1896 to the Present: O-T Paul Finkelman, 2009 Alphabetically-arranged entries from O to T that explores significant events, major persons, organizations, and political and social movements in African-American history from 1896 to the twenty-first-century.

ritual omega psi phi: Darwin's Athletes John Hoberman, 1997-11-03 A “provocative, disturbing, important” look at how society’s obsession with athletic achievement undermines African Americans (The New York Times). Very few pastimes in America cross racial, regional, cultural, and economic boundaries the way sports do. From the near-religious respect for Sunday Night Football to obsessions with stars like Tiger Woods, Serena Williams, and Michael Jordan, sports are as much a part of our national DNA as life, liberty, and the pursuit of happiness. But hidden within this reverence—shared by the media, corporate America, even the athletes themselves—is a dark narrative of division, social pathology, and racism. In Darwin’s Athletes, John Hoberman takes a controversial look at the profound and disturbing effect that the worship of sports, and specifically of black players, has on national race relations. From exposing the perpetuation of stereotypes of African American violence and criminality to examining the effect that athletic dominance has on perceptions of intelligence to delving into misconceptions of racial biology, Hoberman tackles difficult questions about the sometimes subtle ways that bigotry can be reinforced, and the nature of discrimination. An important discussion on sports, cultural attitudes, and dangerous prejudices, Darwin’s Athletes is a “provocative book” that serves as required reading in the ongoing debate of America’s racial divide (Publishers Weekly).

ritual omega psi phi: Omega Psi Phi Ultimate Uplift: 1911 to 2011 and Beyond! Marzette Henderson, 2011-11 Omega Psi Phi is the first African-American national fraternal organization founded at a historically black university. Since the beginning Omega Psi Phi has been a strong and virile force for the uplift of African Americans and all of humanity. -- Back cover.

ritual omega psi phi: The Agitator's Daughter Sheryll Cashin, 2008-07-31 During Reconstruction, Herschel V. Cashin was a radical republican legislator who championed black political enfranchisement throughout the South. His grandson, Dr. John L. Cashin, Jr., inherited that passion for social justice and formed an independent Democratic party to counter George Wallace's Dixiecrats, electing more blacks to office than in any Southern state. His uppity ways attracted many enemies. Twice the private plane Cashin owned and piloted was sabotaged. His dental office and boyhood home were taken by eminent domain. The IRS pursued him, as did the FBI. Ultimately his passions would lead to ruin and leave his daughter, Sheryll, wondering why he would risk so much. In following generations of Cashins through the eras of slavery, Reconstruction, Jim Crow, civil rights, and post-civil rights political struggles, Sheryll Cashin conveys how she came to embrace being an agitator's daughter with humor, honesty, and love.

ritual omega psi phi: Going Greek Marianne R. Sanua, 2018-02-05 A history of Jewish fraternities and sororities in the early twentieth-century United States. Going Greek offers an unprecedented look at the relationship between American Jewish students and fraternity life during its heyday in the first half of the twentieth century. More than secret social clubs, fraternities and

sororities profoundly shaped the lives of members long after they left college—often dictating choices in marriage as well as business alliances. Widely viewed as a key to success, membership in these self-governing, sectarian organizations was desirable but not easily accessible, especially to non-Protestants and nonwhites. In *Going Greek* Marianne Sanua examines the founding of Jewish fraternities in light of such topics as antisemitism, the unique challenges faced by Jewish students on campuses across the United States, responses to World War II, and questions pertaining to assimilation and/or identity reinforcement.

ritual omega psi phi: **Encyclopedia of American Folklife** Simon J Bronner, 2015-03-04

American folklife is steeped in world cultures, or invented as new culture, always evolving, yet often practiced as it was created many years or even centuries ago. This fascinating encyclopedia explores the rich and varied cultural traditions of folklife in America - from barn raisings to the Internet, tattoos, and Zydeco - through expressions that include ritual, custom, crafts, architecture, food, clothing, and art. Featuring more than 350 A-Z entries, *Encyclopedia of American Folklife* is wide-ranging and inclusive. Entries cover major cities and urban centers; new and established immigrant groups as well as native Americans; American territories, such as Guam and Samoa; major issues, such as education and intellectual property; and expressions of material culture, such as homes, dress, food, and crafts. This encyclopedia covers notable folklife areas as well as general regional categories. It addresses religious groups (reflecting diversity within groups such as the Amish and the Jews), age groups (both old age and youth gangs), and contemporary folk groups (skateboarders and psychobillies) - placing all of them in the vivid tapestry of folklife in America. In addition, this resource offers useful insights on folklife concepts through entries such as community and group and tradition and culture. The set also features complete indexes in each volume, as well as a bibliography for further research.

ritual omega psi phi: **The New Encyclopedia of Southern Culture** Harvey H. Jackson III, Charles Reagan Wilson, 2014-02-01 What southerners do, where they go, and what they expect to accomplish in their spare time, their leisure, reveals much about their cultural values, class and racial similarities and differences, and historical perspectives. This volume of *The New Encyclopedia of Southern Culture* offers an authoritative and readable reference to the culture of sports and recreation in the American South, surveying the various activities in which southerners engage in their nonwork hours, as well as attitudes surrounding those activities. Seventy-four thematic essays explore activities from the familiar (porch sitting and fairs) to the essential (football and stock car racing) to the unusual (pool checkers and a sport called fireballing). In seventy-seven topical entries, contributors profile major sites associated with recreational activities (such as Dollywood, drive-ins, and the Appalachian Trail) and prominent sports figures (including Althea Gibson, Michael Jordan, Mia Hamm, and Hank Aaron). Taken together, the entries provide an engaging look at the ways southerners relax, pass time, celebrate, let loose, and have fun.

ritual omega psi phi: **The New Encyclopedia of Southern Culture** Glenn Hinson, William Ferris, Charles Reagan Wilson, 2010-01-01 Southern folklife is the heart of southern culture. Looking at traditional practices still carried on today as well as at aspects of folklife that are dynamic and emergent, contributors to this volume of *The New Encyclopedia of Southern Culture* examine a broad range of folk traditions. Moving beyond the traditional view of folklore that situates it in historical practice and narrowly defined genres, entries in this volume demonstrate how folklife remains a vital part of communities' self-definitions. Fifty thematic entries address subjects such as car culture, funerals, hip-hop, and powwows. In 56 topical entries, contributors focus on more specific elements of folklife, such as roadside memorials, collegiate stepping, quinceanera celebrations, New Orleans marching bands, and hunting dogs. Together, the entries demonstrate that southern folklife is dynamically alive and everywhere around us, giving meaning to the everyday unfolding of community life.

ritual omega psi phi: **African American Folklore** Anand Prahlad, 2016-08-08 African American folklore dates back 240 years and has had a significant impact on American culture from

the slavery period to the modern day. This encyclopedia provides accessible entries on key elements of this long history, including folklore originally derived from African cultures that have survived here and those that originated in the United States. Inspired by the author's passion for African American culture and vernacular traditions, *African American Folklore: An Encyclopedia for Students* thoroughly addresses key elements and motifs in black American folklore—especially those that have influenced American culture. With its alphabetically organized entries that cover a wide range of subjects from the word conjure to the dance style of twerking, this book provides readers with a deeper comprehension of American culture through a greater understanding of the contributions of African American culture and black folk traditions. This book will be useful to general readers as well as students or researchers whose interests include African American culture and folklore or American culture. It offers insight into the histories of African American folklore motifs, their importance within African American groups, and their relevance to the evolution of American culture. The work also provides original materials, such as excerpts from folktales and folksongs, and a comprehensive compilation of sources for further research that includes bibliographical citations as well as lists of websites and cultural centers.

ritual omega psi phi: *Black Haze, Second Edition* Ricky L. Jones, 2015-05-26 Are black men naturally violent? Do they define manhood in the same way as their counterparts across lines of race? Are black Greek-letter fraternities among the most dangerous student organizations on American college and university campuses? Can their often-dangerous initiation processes be stopped or even modified and, if not, what should be done about them? In this second edition of *Black Haze*, Ricky L. Jones takes on these questions and more. The first edition was an enlightening and sometimes disturbing examination of American men's quest for acceptance, comfort, reaffirmation, and manhood in a world where their footing is often unstable. In this new edition Jones not only provides masterful philosophical and ethical analyses but he also forces the engagement of a terrifying real world process that damages and kills students with all too frequent regularity. With a revealing new preface and stunning afterword, Jones immerses the reader in an intriguing and dark world marked by hypermasculinity, unapologetic brutality, and sometimes death. He offers a compelling book that ranges well beyond the subject of hazing—one that yields perplexing questions and demands difficult choices as we move forward in addressing issues surrounding fraternities, violent hazing, black men, and American society.

ritual omega psi phi: News About Colored People Doris Landrum, 2011-07-21 NEWS ABOUT COLORED PEOPLE is an amusing look back to the mid-sixties. It focuses on the lives of three young African American girls during a very special Fourth of July holiday. Doris Marie, Lillian, and Sheritha have been friends since elementary school. Now that they are in junior high with freshman year on the horizon, the girls soon discover that their lives are changing fast. From Doris Marie's self-appointed boyfriend since fifth grade to the trio's obsession with Smokey Robinson, 1967 was indeed a Summer of Love for the girls. This is a story for all ages. It will take you on a rollercoaster ride of emotions. Most of the time you find yourself laughing out loud. There will also be moments when you will find a tear forming from some selfless act of kindness. NEWS ABOUT

COLORED PEOPLE will surely warm the hearts of its readers.

ritual omega psi phi: Encyclopedia of African American Society Gerald D. Jaynes, 2005-02-01 Do your students or patrons ever ask you about African Americans in sports? How about African American Academy Award winners? Or perhaps you're asked about more complex social issues regarding the unemployment rate among African Americans, or the number of African American men on death row? If these questions sound familiar, the Encyclopedia of African American Society is a must-have for your library. This two-volume reference seeks to capture the ways in which the tenets and foundations of African American culture have given rise to today's society. Approaching the field from a street level perspective, these two volumes cover topics of universal interest in America: rap music, sports, television, cinema, racism, religion, literature, and much more. The Encyclopedia of African American Society is also the first comprehensive yet accessible reference set in this field to give voice to the turbulent historical trends—slavery, segregation, separate but equal—that are often ignored in favor of mere facts. This is a definitive, reliable, and accessible entry point to learning the basics about African American society. The encyclopedia is anchored by alphabetically arranged essays on such topics as abolitionism, affirmative action, and the civil rights movement. More than just a who's who, these volumes emphasize social issues and events—those filled with significance and consequence through history. Civil Rights, economic growth, law and justice, and politics—with all of their numerous subcategories—receive substantial coverage. The encyclopedia naturally contains hundreds of articles on notable African Americans (Martin Luther King, Jr., Jackie Robinson, Miles Davis), groundbreaking events (Emancipation Proclamation, Los Angeles Riots), sports and culture (Rap Music, Jazz), and significant heritage sites (Apollo Theater). This much needed two-volume encyclopedia should become a staple in collections at school, public, and academic libraries. Readers of all ages, backgrounds, and ethnic or racial groups will find fascinating material on every page. Key Features Nearly 700 signed articles Almost 50 photographs Complete list of African Americans in sports Halls of Fame Cross-referenced for easy links from one topic to another Reader's guide facilitates easy browsing for relevant articles Clear, accessible writing style appropriate for high school and college students and interested lay readers Comprehensive index and bibliography Topics Covered Concepts and Theories Fine Arts, Theater, and Entertainment Health and Education History and Heritage Literature Media Movements and Events Music and Dance Organizations and Institutions Places Politics and Policy Popular Culture Religion and Beliefs The Road to Freedom Science, Technology, and Business Social Issues Special Populations Sports Advisory Board Sherri L. ritual omega psi phi: Alpha Kappa Psi Diary , 1928

ritual omega psi phi: Race and Ethnicity in Secret and Exclusive Social Orders Matthew W. Hughey, 2015-04-10 Secret and private organizations, in the form of Greek-letter organizations, mutual aid societies, and civic orders, together possess a storied and often-romanticized place in popular culture. While much has been made of these groups' glamorous origins and influence—such as the Freemasons' genesis in King Solomon's temple or the belief in the Illuminati's control of modern geo-politics—few have explicitly examined the role of race and ethnicity in organizing and perpetuating these cloistered orders. This volume directly addresses the inattention paid to the salience of race in secret societies. Through an examination of the Historically Black and White Fraternities and Sororities, the Ku Klux Klan in the US, the Ekpe and Abakuj secret societies of Africa and the West Indies, Gypsies in the United Kingdom, Black and White Temperance Lodges, and African American Order of the Elks, this book traces the use of racial and ethnic identity in these organizations. This important contribution examines how such orders are both cause and consequence of colonization, segregation, and subjugation, as well as their varied roles as both catalysts and impediments to developing personal excellence, creating fictive kinship ties, and

fostering racial uplift, nationalism, and cohesion. This book was originally published as a special issue of Ethnic and Racial Studies.
