From the author of the award-winning *Moth Smoke* comes a perspective on love, prejudice, and the war on terror that has never been seen in North American literature. At a café table in Lahore, a bearded Pakistani man converses with a suspicious, and possibly armed, American stranger. As dusk deepens to night, he begins the tale that has brought them to this fateful meeting. . . Changez is living an immigrant's dream of America. At the top of his class at Princeton, he is snapped up by Underwood Samson, an elite firm that specializes in the "valuation" of companies ripe for acquisition. He thrives on the energy of New York and the intensity of his work, and his infatuation with regal Erica promises entrée into Manhattan society at the same exalted level once occupied by his own family back in Lahore. For a time, it seems as though nothing will stand in the way of Changez's meteoric rise to personal and professional success. But in the wake of September 11, he finds his position in his adopted city suddenly overturned, and his budding relationship with Erica eclipsed by the reawakened ghosts of her past. And Changez's own identity is in seismic shift as well, unearthing allegiances more fundamental than money, power, and perhaps even love. Elegant and compelling, Mohsin Hamid's second novel is a devastating exploration of our divided and yet ultimately indivisible world. "Excuse me, sir, but may I be of assistance? Ah, I see I have alarmed you. Do not be frightened by my beard: I am a lover of America. I noticed that you were looking for something; more than looking, in fact you seemed to be on a mission, and since I am both a native of this city and a speaker of your language, I thought I might offer you my services as a bridge." —from *The Reluctant Fundamentalist*

the reluctant fundamentalist pdf: American Shame Myra Mendible, 2016-03-29 Essays examining the role of shame as an American cultural practice and how public shaming enforces conformity and group coherence. On any given day in America's news cycle, stories and images of disgraced politicians and celebrities solicit our moral indignation, their misdeeds fueling a lucrative economy of shame and scandal. Shame is one of the most coercive, painful, and intriguing of human emotions. Only in recent years has interest in shame extended beyond a focus on the subjective experience of this emotion and its psychological effects. The essays collected here consider the role of shame as cultural practice and examine ways that public shaming practices enforce conformity and group coherence. Addressing abortion, mental illness, suicide, immigration, and body image among other issues, this volume calls attention to the ways shaming practices create and police social boundaries; how shaming speech is endorsed, judged, or challenged by various groups; and the distinct ways that shame is encoded and embodied in a nation that prides itself on individualism, diversity, and exceptionalism. Examining shame through a prism of race, sexuality, ethnicity, and gender, these provocative essays offer a broader understanding of how America's discourse of shame helps to define its people as citizens, spectators, consumers, and moral actors. "An eclectic anthology, it offers the readers more than one argument and perspective, which makes the volume itself lively and rich." —Ron Scapp, coeditor of *Fashion Statements: On Style, Appearance, and Reality*

the reluctant fundamentalist pdf: Enemies of All Humankind Sonja Schillings, 2016-12-06 *Hostis humani generis*, meaning enemy of humankind, is the legal basis by which Western societies have defined such criminals as pirates, torturers, or terrorists as beyond the pale of civilization. Sonja Schillings argues that the legal fiction designating certain persons or classes of persons as enemies of all humankind does more than characterize them as inherently hostile: it supplies a narrative basis for legitimating violence in the name of the state. The book draws attention to a century-old narrative pattern that not only underlies the legal category of enemies of the people, but more generally informs interpretations of imperial expansion, protest against structural oppression, and the transformation of institutions as legitimate interventions on behalf of civilized society. Schillings traces the Anglo-American interpretive history of the concept, which she sees as crucial to understanding US history, in particular with regard to the frontier, race relations, and the war on terror.

the reluctant fundamentalist pdf: *Native Believer* Ali Eteraz, 2016-04-11 "[A] wickedly funny Philadelphia picaresque about a secular Muslim's identity crisis in a country waging a never-ending war on terror." —O, The Oprah Magazine Ali Eteraz's much-anticipated debut novel is the story of M., a supportive husband, adventureless dandy, lapsed believer, and second-generation immigrant who wants nothing more than to host parties and bring children into the world as full-fledged Americans. As M.'s life gradually fragments around him—a wife with a chronic illness, a best friend stricken with grief, a boss jeopardizing a respectable career—M. spins out into the pulsating underbelly of Philadelphia, where he encounters others grappling with fallout from the war on terror. Among the pornographers and converts to Islam, punks and wrestlers, M. confronts his existential degradation and the life of a second-class citizen. Darkly comic, provocative, and insightful, *Native Believer* is a startling vision of the contemporary American experience and the human capacity to shape identity and belonging at all costs. "*Native Believer* stands as an important contribution to American literary culture: a book quite unlike any I've read in recent memory, which uses its characters to explore questions vital to our continuing national discourse around Islam." —The New York Times Book Review "A page-turning contemporary fiction that addresses burning issues about the very essence of identity, and without question Ali Eteraz is a writer's writer, one whose ear for the English language is just as acute as fellow naturalized Americans Vladimir Nabokov (born in Russia) or Viet Thanh Nguyen (Vietnam)." —Los Angeles Review of Books

In many, like Anders's father and Oona's mother, a sense of profound loss wars with profound love. As the bond between Anders and Oona deepens, change takes on a different shading: a chance to see one another, face to face, anew.

the reluctant fundamentalist pdf: 'Post'-9/11 South Asian Diasporic Fiction P. Liao, 2013-01-01 While much of the critical discussion about the emerging genre of 9/11 fiction has centred on the trauma of 9/11 and on novels by EuroAmerican writers, this book draws attention to the diversity of what might be meant by post -9/11 by exploring the themes of uncanny terror through a close reading of four post -9/11 South Asian diasporic fictions.

The Eurasian landmass, home to the greatest part of the globe's population, natural resources, and economic activity, is the grand chessboard on which America's supremacy will be ratified and challenged in the years to come. In this landmark work of public policy and political science, Brzezinski outlines a groundbreaking and powerful blueprint for America's vital interests in the modern world. In this revised edition, Brzezinski

the reluctant fundamentalist pdf: Moshin Hamid's "The Reluctant Fundamentalist".
North America's Foreign Relations with the Middle East Angela Camara Rojo, 2018-04-26
Essay from the year 2016 in the subject English Language and Literature Studies - Literature, grade: 9/10, , course: Faculty of Letters, language: English, abstract: This essay analyses North America's foreign relations with the Middle East before and after the 9/11 attacks in Moshin Hamid's *The Reluctant Fundamentalist*. This is inherently depicted in personal and professional relations. Namely, the plotline focuses on the life of Changez, a Pakistani immigrant that portrays an 'Islamic elite' dwelling in the US. Following the 9/11 attacks, a growing wave of Islamophobia will emerge, tearing apart Changez's accommodated American lifestyle. Much of this detriment is conveyed by means of Changez's relationship with other characters, especially with Erica (Changez's love interest), a troubled young woman. Erica's character is a symbol for the American nation.

the reluctant fundamentalist pdf: *Literature, Migration and the 'War on Terror'* Fiona Tolan, Stephen Morton, Anastasia Valassopoulos, Robert Spencer, 2013-09-13 This is a major new collection of essays on literary and cultural representations of migration and terrorism, the cultural impact of 9/11, and the subsequent 'war on terror'. The collection commences with analyses of the relationship between migration and terrorism, which has been the focus of much mainstream political and media debate since the attacks on America in 2001 and the London bombings in 2005, not least because liberal democratic governments in Europe and North America have invoked such attacks to justify the regulation of migration and the criminalisation of 'minority' groups. Responding to the consequent erosion of the liberal democratic rights of the individual, leading scholars assess the various ways in which literary texts support and/or interrogate the conflation of narratives of transnational migration and perceived terrorist threats to national security. This crucial debate is furthered by contrasting analyses of the manner in which novelists from the UK, North Africa, the US and Palestine have represented 9/11, exploring the event's contexts and ramifications. This path-breaking study complicates the simplistic narratives of revenge and wronged innocence commonly used to make sense of the attacks and to justify the US response. Each novel discussed seeks to interrogate and analyse a discourse typically dominated by consent, belligerence and paranoia. Together, the collected essays suggest the value of literature as an effective critical intervention in the very fraught political aftermath of the 'war on terror'. This book was published as a special issue of the *Journal of Postcolonial Writing*.

Fundamentalist Elizabeth Shestakova, 2012-07-30 ABOUT THE BOOK "I wonder now, sir, whether I believed at all in the firmness of the foundations of the new life I was attempting to construct for myself in New York." Americans remember where they were on September 11, 2001, a day that has become a permanent fixture in the calendar. As retaliation for the attack the US launched a war in Afghanistan called "Operation Enduring Freedom" with the goal of dismantling the Taliban. Currently, the Afghanistan war has become America's longest war, even longer than the war in Vietnam. Given the duration of the war and how it began, it is surprising to note that many people in Afghanistan don't know why the war started. Considering that 42% of the population is under 14 and that 72% is illiterate, it's not surprising that this event doesn't register. In addition the scarcity of electricity, also explains ignorance of the event American "foreigners" call September 11th. As a result most people from Afghanistan don't understand why the U.S. invaded their country, causing more than 12,000 civilian deaths since the war started. The disparity of the two worldviews continues to contribute to the tensions between the two countries. Similarly, the average American knows very little about the Afghani people and the politics of this area. In an Angus Reid Public Opinion Poll half of American respondents said they don't understand what the war in Afghanistan is about. One of the reasons for this might be because the U.S. media doesn't focus on this war as much as on the Kardashians. This tension and lack of understanding creates a perfect opening for The Reluctant Fundamentalist by Mohsin Hamad to educate Americans about the other side. The Reluctant Fundamentalist is about a Pakistani living in New York who reevaluates his successful American life after the September 11 attacks. The book's main advantage is that it is so topical. Given the heavy involvement of the U.S. in the Middle East, as well as neighbouring Afghanistan and Pakistan, it seems no region is more important to American welfare. EXCERPT FROM THE BOOK "Students like me were given visas and scholarships, complete financial aid, mind you and invited into the ranks of the meritocracy. In return we were expected to contribute our talents to your society, the society we were joining. And for the most part we were happy to do so. I certainly was, at least at first." (pg.4) It is worth describing the author's background, which can be found on his website, because it bears many similarities to the main character of the novel, Changez. From the ages of 9 to 18, the author lived in Lahore, Pakistan. Hamid studied at Princeton University and graduated summa cum laude. He then went Harvard Law School. Upon graduation he got a job at the elite McKinsey and Company and used his free time to complete his first novel. This novel, Moth Smoke, took seven years to complete, but became a bestseller in India and Pakistan. The Reluctant Fundamentalist is his second book and also took seven years to complete. On BBC Radio Hamid explains that the reason it took him so long to write both books is that he is figuring them out as he writes them. Quicklet on Mohsin Hamid's The Reluctant Fundamentalist The Reluctant Fundamentalist is the story of Changez who comes from Pakistan to study at Princeton University. the reluctant fundamentalist pdf: In Other Rooms, Other Wonders Daniyal Mueenuddin, 2011-10-01 Moving from the elegant drawing rooms of Lahore to the mud villages of rural Multan, a powerful collection of short stories about feudal Pakistan. An impoverished young woman becomes a wealthy relative's mistress; an electrician on the make confronts his desperate assailant to protect his most prized possession; a farm manager rises far in the world—but his family discovers after his death the transience of power; a maid, who advances herself through sexual favours, unexpectedly falls in love. In these linked stories about the family and household staff of the ageing KK Harouni, we meet masters and servants, landlords and supplicants, politicians and electricians, village women, and Karachi housewives. Part Chekhov, part RK Narayan, these stories are dark and light, complex and humane; at heart about the relationship between the powerful and powerless, bound together in life—and in death. Together they make up a vivid portrait of a feudal world rarely brought alive in the English language. Sensuous, graceful, melancholy, *In Other Rooms, Other Wonders* gives you Pakistan as you have never seen it. It marks the debut of an amazing new talent.

the reluctant fundamentalist pdf: Diaspora, Memory and Identity Vijay Agnew, 2005-01-01 Memories establish a connection between a collective and individual past, between origins, heritage, and history. Those who have left their places of birth to make homes elsewhere are familiar with the question, Where do you come from? and respond in innumerable well-rehearsed ways. Diasporas construct racialized, sexualized, gendered, and oppositional subjectivities and shape the cosmopolitan intellectual commitment of scholars. The diasporic individual often has a double consciousness, a privileged knowledge and perspective that is consonant with postmodernity and globalization. The essays in this volume reflect on the movements of people and cultures in the present day, when physical, social, and mental borders and boundaries are being challenged and sometimes successfully dismantled. The contributors - from a variety of disciplinary perspectives -

discuss the diasporic experiences of ethnic and racial groups living in Canada from their perspective, including the experiences of South Asians, Iranians, West Indians, Chinese, and Eritreans. *Diaspora, Memory, and Identity* is an exciting and innovative collection of essays that examines the nuanced development of theories of Diaspora, subjectivity, double-consciousness, gender and class experiences, and the nature of home.

the reluctant fundamentalist pdf: All About Love bell hooks, 2018-01-30 A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' *Love Song to the Nation* trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

the reluctant fundamentalist pdf: Real Food Nina Planck, 2016-05-10 Hailed as the patron saint of farmers' markets by the *Guardian* and called one of the great food activists by *Vanity Fair's* David Kamp, Nina Planck was on the vanguard of the real food movement, and her first book

remains a vital and original contribution to the hot debate about what to eat and why. In lively, personal chapters on produce, dairy, meat, fish, chocolate, and other real foods, Nina explains how ancient foods like beef and butter have been falsely accused, while industrial foods like corn syrup and soybean oil have created a triple epidemic of obesity, diabetes, and heart disease. The New York Times said that Real Food poses a convincing alternative to the prevailing dietary guidelines, even those treated as gospel. A rebuttal to dietary fads and a clarion call for the return to old-fashioned foods, Real Food no longer seems radical, if only because the conversation has caught up to Nina Planck. Indeed, it has become gospel in its own right. This special tenth-anniversary edition includes a foreword by Nina Teicholz (The Big Fat Surprise) and a new introduction from the author.

the reluctant fundamentalist pdf: Native Son Richard A. Wright, 1998-09-01 Right from the start, Bigger Thomas had been headed for jail. It could have been for assault or petty larceny; by chance, it was for murder and rape. Native Son tells the story of this young black man caught in a downward spiral after he kills a young white woman in a brief moment of panic. Set in Chicago in the 1930s, Wright's powerful novel is an unsparing reflection on the poverty and feelings of hopelessness experienced by people in inner cities across the country and of what it means to be black in America.

the reluctant fundamentalist pdf: Bookclub-in-a-Box Discusses The Reluctant Fundamentalist, by Mohsin Hamid Marilyn Herbert, 2012-02-07 The Reluctant Fundamentalist is more than the usual immigrant book of adaptation, struggle, and identity. It is the gripping tale of a young man who comes to America from Pakistan just prior to 9/11. The protagonist, Changez, is a Harvard educated businessman who works for a high-profile company that assesses the economic value of other companies. Changez is very successful in his chosen career, but then September 11 happens and everything changes. The setting is Lahore, Pakistan and the tale is told by one narrator, that of Changez, as he speaks to a nameless and faceless American tourist. The narration takes place in the span of a single evening, in fact, during a single meal, and Hamid manages to swing the reader on a pendulum of conflicting emotions and thoughts. The Bookclub-in-a-Box guide explores a number of important questions: who is this nameless American and why is he in Pakistan; how can one person have equal love for two countries that are at odds with each other in culture and outlook; how does such a person come to terms with his two worlds; and what is the significance of the word "reluctant" in the novel's title, The Reluctant Fundamentalist. Every Bookclub-in-a-Box discussion guide also includes complete coverage of the themes and symbols, writing style and interesting background information on the novel and the author.

the reluctant fundamentalist pdf: Myths America Lives By Richard T. Hughes, 2018-09-05 Six myths lie at the heart of the American experience. Taken as aspirational, four of those myths remind us of our noblest ideals, challenging us to realize our nation's promise while galvanizing the sense of hope and unity we need to reach our goals. Misused, these myths allow for illusions of innocence that fly in the face of white supremacy, the primal American myth that stands at the heart of all the others.

the reluctant fundamentalist pdf: Julia Kristeva and Literary Theory Megan Becker-Leckrone, 2017-09-16 Engaged debate among feminist, political, and psychoanalytic thinkers has secured Julia Kristeva's status as one of the most formidable figures in twentieth-century critical theory. Nevertheless, her precise relevance to the study of literature - the extent to which her theory is specifically a literary theory - can be hard for new readers to fathom. This approachable volume explores Kristeva's definition of literature, her methods for analyzing it, and the theoretical ground on which those endeavors are based. Megan Becker-Leckrone argues that Kristeva's signature concepts, such as abjection and intertextuality, lose much of their force when readers extract them from the specific, complex theoretical context in which Kristeva produces them. Early chapters situate her theory in a broader conversation with Roland Barthes, Sigmund Freud, Jacques Lacan and others around the issues of reading, textuality, and subjectivity. Subsequent chapters look at Kristeva's actual engagements with literary texts, specifically her challenging, highly performative reading of French novelist Louis-Ferdinand Céline in Powers of Horror: An Essay on Abjection and

her career-long preoccupation with James Joyce. A final chapter of the book looks at the way contemporary literary critics have marshaled her ideas in re-reading the poetry of William Wordsworth, while a helpful glossary identifies Kristeva's most pertinently literary theoretical concepts, by way of synopses of the texts in which she presents them.
