tintin pdfs: Hergé: The Man Who Created Tintin Pierre Assouline, 2009-10-29 One of the most beloved characters in all of comics, Tintin won an enormous international following. Translated into dozens of languages, Tintin's adventures have sold millions of copies, and Steven Spielberg is presently adapting the stories for the big screen. Yet, despite Tintin's enduring popularity, Americans know almost nothing about his gifted creator, Georges Remi--better known as Hergé. Offering a captivating portrait of a man who revolutionized the art of comics, this is the first full biography of Hergé available for an English-speaking audience. Born in Brussels in 1907, Hergé began his career as a cub reporter, a profession he gave to his teenaged, world-traveling hero. But whereas Tintin was fully formed, clear-headed, and positive, Assouline notes, his inventor was complex, contradictory, inscrutable. For all his huge success--achieved with almost no formal training--Hergé would say unassumingly of his art, I was just happy drawing little guys, that's all. Granted unprecedented access to thousands of the cartoonist's unpublished letters, Assouline gets behind the genial public mask to take full measure of Hergé's life and art and the fascinating ways in which the two intertwine. Neither sugarcoating nor sensationalizing his subject, he meticulously probes such controversial issues as Hergé's support for Belgian imperialism in the Congo and his alleged collaboration with the Nazis. He also analyzes the underpinnings of Tintin--how the conception of the character as an asexual adventurer reflected Hergé's appreciation for the Boy Scouts organization as well as his Catholic mentor's anti-Soviet ideology--and relates the comic strip to Hergé's own place within the Belgian middle class. A profound influence on a generation of artists such as Andy Warhol and Roy Lichtenstein, the elusive figure of Hergé comes to life in this illuminating biography--a deeply nuanced account that unveils the man and his career as never before.

tintin pdfs: *Tintin in the Land of the Soviets* Hergé, 2017-01-11 First published in 1929, Tintin in the Land of the Soviets did not again become available to the general public until 1973. This first great Tintin adventure introduced the brave reporter and his dog, and set the stage for the rest of Hergé's career as a master comic strip author. The colour in the new version of the story has the effect of increasing legibility, as it underscores the clarity of the drawings. The new version was created by Moulinsart with great attention to the restored original plates; the result is surprisingly modern, like a new adventure. The official return of Tintin in the Land of the Soviets will happen the day after the reporter's 88th birthday and also during the centenary of the October Revolution.

tintin pdfs: The Adventures of Tintin at Sea Yves Horeau, Michael Farr, 2004 A must for any Tintin fan, this is both the official exhibition catalogue and a celebration of 75 years of the irrepressible boy reporter. From his first appearance in January 1929, the globe-trotting Tintin took to boats in his pursuit of adventure. Motor-launches and liners, cargo vessels and historic galleons: each is meticulously depicted by Hergé, who laboured over every detail. A new dimension, punctuated with a staggering repertoire of salty swear words - 'billions of blistering barnacles!' - came in 1940 with the introduction of Captain Haddock. From then on, with this loyal, whisky-loving companion, Tintin could hardly be a landlubber.

tintin pdfs: "They Know, I Know Everything" Robert Bourgi, Frédéric Lejeal, A key figure in French Africa, Robert Bourgi, for the first time ever in a book, discusses his life, his relationship with his mentor Jacques Foccart and all the missions he undertook over almost forty years, on behalf of African and French presidents, including the leading lights of the Right (Jacques Chirac, Nicolas Sarkozy, Charles Pasqua, Jacques Toubon, Dominique de Villepin, Claude Guéant, François Fillon etc.). He reveals the financing networks of French political parties, based on his personal notes that he kept for 40 years. He also describes the sensitive cases in which he was involved—the liberation of French journalists from Lebanon in the 1980s; rehabilitation of Mobutu Sese Seko; the liberation of the French hostage, Clothilde Reiss, in Iran; the rescue of Laurent Gbagbo; the resignation of Jean-Marie Bockel; the appointment of French ambassadors to Africa; his lobbying of the Élysée Palace on behalf of African heads of state. From Félix Houphouët-Boigny and Laurent Gbagbo (Ivory Coast) to Mobutu Sese Seko (DR Congo), via Blaise Compaoré (Burkina Faso), Mathieu Kérékou (Benin), Abdoulaye Wade and Macky Sall (Senegal), Mohamed Ould Abdel Aziz (Mauritania) and Gnassingbé Eyadéma (Togo), Pascal Lissouba, Denis Sassou Nguesso (Congo), and above all Omar and Ali Bongo (Gabon), this book throws light on the psychology of numerous presidents, south of the Sahara, and their regimes, giving the reader a fresh look at France's African policy over several decades.
