wooden on leadership pdf: The Wisdom of Wooden: My Century On and Off the Court John Wooden, Steve Jamison, 2010-09-03 *The Wisdom of Wooden* is John Wooden's final book, completed just weeks before his passing in June 2010. In it he shares his most treasured memories and never-before-seen photographs as he looks back on an extraordinary life on and off the court. Hailed by many as the greatest coach in the history of American sports, John Wooden is as famous for his personal philosophy as he is for his career achievements. He inspired, guided, and motivated generations of fans with his bestselling books on leadership, values, family, and the true meaning of success. Coach Wooden wrote his final book, *The Wisdom of Wooden: My Century On and Off the Court*, in the last months before his death. Filled with his most treasured memories and more than 100 photographs, many never-before seen, it captures a life spent teaching, guiding, and serving others. Starting with his father's now-famous 7 Point Creed—including “Make Each Day Your

Masterpiece," "Help Others," and "Be True to Yourself,"—Coach Wooden affirms the principles to true success that helped him become an All American at Purdue University, a winning coach at Indiana State University, and an iconic sports figure at UCLA. Yet anyone who knows John Wooden knows his record on the court was only part of the story. In *The Wisdom of Wooden* the legendary coach offers readers a rare glimpse not just behind the scenes but inside the man; not just on the court but in the huddles; not just his maxims but his poems, those he wrote and those he loved; not just the people he inspired, but the family, friends, and fans who inspired him; not just the lessons he taught but the lessons he learned; not just what was on his mind but what was in his heart.

Ultimately it was the life he lived that served as a model for his greatest lesson of all: a deep commitment to family, friends, and faith—the bedrock values of the man we all called, "Coach."

wooden on leadership pdf: The 5 Levels of Leadership John C. Maxwell, 2011-10-04 Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than the boss people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

wooden on leadership pdf: Be Quick - But Don't Hurry Andrew Hill, John Wooden, 2002-04-22 Be Quick, But Don't Hurry presents the team-building management secrets of the greatest coach of the twentieth century, cloaked in the heartwarming tale of the reluctant protege who learned those secrets in spite of himself. Perhaps the least controversial sports honor in living memory was the selection of John Wooden as Coach of the Century by ESPN, honoring his ten NCAA basketball championships in a twelve-year stretch. His UCLA teams won with great centers and with small lineups, with superstars and with team effort, always with quickness, always with class. Wooden was a teacher first and foremost, and his lessons -- taught on the basketball court, but applicable throughout one's life -- are summarized in his famed Pyramid of Success. Andrew Hill was one of the lucky young men who got to learn from Wooden in his favored classroom -- though that is hardly how Hill would have described it at the time. An all-city high school player in Los Angeles, Hill played -- a little -- on three national champions, from 1970 to 1972. Hill was left embittered by his experience at UCLA; he was upset at how unequally Wooden treated his starting players and his substitutes. Hill went on to a successful career in television, rising to the presidency of CBS Productions, where he was responsible for the success of such popular series as Touched by an Angel and Dr. Quinn, Medicine Woman. Hill's job required him to manage many creative people, with the egos and insecurities that usually go along with such talents. And one day, some twenty-five years after he graduated, he was hit with the realization that everything he knew about getting the best out of people he had learned directly from Coach John Wooden. With no small trepidation, Hill picked up the phone to call and thank his old coach and unexpected mentor. To his surprise, Wooden greeted him warmly and enthusiastically. A strong friendship, sealed in frequent visits and conversations, ensued, and endures. Be Quick -- But Don't Hurry! tells the story of that friendship. But it also shares the lessons and secrets that Hill learned from Coach Wooden, which hold the key to managing creatively in the idea-driven economy of the twenty-first century. Among those lessons are: -The team with the best players almost always wins -Be quick, but don't hurry: there is never enough time to be sure (and if you are sure, you're probably too late), but you must always keep your balance -Failing to prepare is preparing to fail -The team that makes the most mistakes...wins! Full of sound advice and warm reminiscence, Be Quick -- But Don't Hurry! is the management book of a lifetime.

wooden on leadership pdf: Win Forever Pete Carroll, Yogi Roth, Kristoffer A. Garin, 2011-08-02 I know that I'll be evaluated in Seattle with wins and losses, as that is the nature of my profession for the last thirty-five years. But our record will not be what motivates me. Years ago I was asked, 'Pete, which is better: winning or competing?' My response was instantaneous: 'Competing. . . because it lasts longer.' Pete Carroll is one of the most successful coaches in football today. As the head coach at USC, he brought the Trojans back to national prominence, amassing a 97-19 record over nine seasons. Now he shares the championship-winning philosophy that led USC to seven straight Pac-10 titles. This same mind-set and culture will shape his program as he returns to the NFL to coach the Seattle Seahawks. Carroll developed his unique coaching style by trial and error over his career. He learned that you get better results by teaching instead of screaming, and by helping players grow as people, not just on the field. He learned that an upbeat, energetic atmosphere in the locker room can coexist with an unstoppable competitive drive. He learned why you should stop worrying about your opponents, why you should always act as if the whole world is watching, and many other contrarian insights. Carroll shows us how the Win Forever philosophy really works, both in NCAA Division I competition and in the NFL. He reveals how his recruiting strategies, training routines, and game-day rituals preserve a team's culture year after year, during championship seasons and disappointing seasons alike. Win Forever is about more than winning football games; it's about maximizing your potential in every aspect of your life. Carroll has taught business leaders facing tough challenges. He has helped troubled kids on the streets of Los Angeles through his foundation A Better LA. His words are true in any situation: If you want to win forever, always compete.
