yertle the turtle pdf: The Bippolo Seed and Other Lost Stories Dr. Seuss, 2013-10-22 What's better than a lost treasure? Seven lost treasures! These rarely seen Dr. Seuss stories were published in magazines in the early 1950s and are finally available in book form. They include "The Bippolo Seed" (in which a scheming feline leads a duck toward a bad decision), "The Rabbit, the Bear, and the Zinniga-Zanniga" (about a rabbit who is saved from a bear by a single eyelash), "Gustav, the Goldfish" (an early rhymed version of the Beginner Book A Fish Out of Water), "Tadd and Todd" (about a twin who is striving to be an individual), "Steak for Supper" (in which fantastic creatures follow a boy home in anticipation of a steak dinner), "The Strange Shirt Spot" (the inspiration for the bathtub-ring scene in *The Cat in the Hat Comes Back*), and "The Great Henry McBride" (about a boy whose far-flung career fantasies are bested only by those of Dr. Seuss himself). An introduction by Seuss scholar Charles D. Cohen traces the history of the stories, which demonstrate an intentional move toward the writing style we now associate with Dr. Seuss. Cohen also explores the themes that recur in well-known Seuss stories (like the importance of the imagination or the perils of greed). With a color palette enhanced beyond the limitations of the original magazines, this is a collection that no Seuss fan (whether scholar or second grader) will want to miss.

yertle the turtle pdf: *Perils of Protection* Susan Honeyman, 2018-12-18 Winner of the Children's Literature Association's 2020 Honor Book Award Unrecognized in the United States and resisted in many wealthy, industrialized nations, children's rights to participation and self-determination are easily disregarded in the name of protection. In literature, the needs of children are often obscured by protectionist narratives, which redirect attention to parents by mythologizing the supposed innocence, victimization, and vulnerability of children rather than potential agency. In *Perils of Protection: Shipwrecks, Orphans, and Children's Rights*, author Susan Honeyman traces how the best of intentions to protect children can nonetheless hurt them when leaving them unprepared to act on their own behalf. Honeyman utilizes literary parallels and discursive analysis to highlight the unchecked protectionism that has left minors increasingly isolated in dwindling social units and vulnerable to multiple injustices made possible by eroded or unrecognized participatory rights. Each chapter centers on a perilous pattern in a different context: "women and children first" rescue hierarchies, geographic restriction, abandonment, censorship, and illness. Analysis from adventures real and fictionalized will offer the reader high jinx and heroism at sea, the rush of risk, finding new families, resisting censorship through discovering shared political identity, and breaking the pretenses of sentimentality.
