Early Church and Apostolic Foundations

The Catholic Church considers itself the continuation of the early Christian community founded by Jesus Christ and his apostles. The apostolic succession is a critical concept, asserting that the Church's bishops trace their authority directly to the apostles.

The Sacraments

Catholics recognize seven sacraments as outward signs of inward grace instituted by Christ. These include Baptism, Eucharist, Confirmation, Reconciliation, Anointing of the Sick, Holy Orders, and Matrimony.

Mary and the Saints

Veneration of Mary, the Mother of Jesus, and the saints plays a vital role in Catholic spirituality. They are honored as exemplars of holiness and intercessors who pray on behalf of the faithful.

catholicism for dummies pdf free download: Pursuing Truth Mary J. Oates, 2021-03-15 In *Pursuing Truth*, Mary J. Oates explores the roles that religious women played in teaching generations of college and university students amid slow societal change that brought the grudging acceptance of Catholics in public life. Across the twentieth century, Catholic women's colleges modeled themselves on, and sometimes positioned themselves against, elite secular colleges. Oates describes these critical pedagogical practices by focusing on Notre Dame of Maryland University, formerly known as the College of Notre Dame of Maryland, the first Catholic college in the United States to award female students four-year degrees. The sisters and laywomen on the faculty and in the administration at Notre Dame of Maryland persevered in their work while facing challenges from the establishment of the Catholic Church, mainline Protestant churches, and secular institutions. *Pursuing Truth* presents the stories of the institution's female founders, administrators, and professors whose labors led it through phases of diversification. The pattern of institutional development regarding the place of religious identity, gender and sexuality, and race that Oates finds at Notre Dame of Maryland is a paradigmatic story of change in US higher education. Similarly representative is her account of the school's effort, from the late 1960s to the present, to maintain its identity as a women's liberal arts college. Thanks to generous funding from the Cushwa Center at the University of Notre Dame, the ebook editions of this book are available as Open Access (OA) volumes from Cornell Open (cornellpress.cornell.edu/cornell-open) and other Open Access repositories.

catholicism for dummies pdf free download: A Vietnamese Moses George E. Based on Binh's surviving writings from his thirty-seven-year exile in Portugal, this book examines how the intersections of global and local Roman Catholic geographies shaped the lives of Vietnamese Christians in the early modern era. The book also argues that Binh's mission to Portugal and his intense lobbying on behalf of his community reflected the agency of Vietnamese Catholics, who vigorously engaged with church politics in defense of their distinctive Portuguese-Catholic heritage.

George E. Dutton demonstrates the ways in which Catholic beliefs, histories, and genealogies transformed how Vietnamese thought about themselves and their place in the world. This sophisticated exploration of Vietnamese engagement with both the Catholic Church and Napoleonic Europe provides a unique perspective on the complex history of early Vietnamese Christianity.

catholicism for dummies pdf free download: The Light of Christ Thomas Joseph White, 2017-09-15 The Light of Christ provides an accessible presentation of Catholicism that is grounded in traditional theology, but engaged with a host of contemporary questions or objections. Inspired by the theologies of Irenaeus, Thomas Aquinas and John Henry Newman, and rooted in a post-Vatican II context, Fr. Thomas Joseph White presents major doctrines of the Christian religion in a way that is comprehensible for non-specialists: knowledge of God, the mystery of the Trinity, the Incarnation and the atonement, the sacraments and the moral life, eschatology and prayer. At the same time, The Light of Christ also addresses topics such as evolution, the modern historical study of Jesus and the Bible, and objections to Catholic moral teaching. Touching on the concerns of contemporary readers, Fr. White examines questions such as whether Christianity is compatible with the findings of the modern sciences, do historical Jesus studies disrupt or confirm the teaching of the faith, and does history confirm the antiquity of Catholic claims. This book serves as an excellent introduction for young professionals with no specialized background in theology who are interested in learning more about Catholicism, or as an introduction to Catholic theology. It will also serve as a helpful text for theology courses in a university context. As Fr. White states in the book's introduction: "This is a book that offers itself as a companion. I do not presume to argue the reader into the truths of the Catholic faith, though I will make arguments. My goal is to make explicit in a few broad strokes the shape of Catholicism. I hope to outline its inherent intelligibility or form as a mystery that is at once visible and invisible, ancient and contemporary, mystical and reasonable."

He emphasizes the deep crisis that the family and marriage are undergoing in the Western world, and says that the family is a new mission field for the Church. He challenges families today to be witnesses to the world of love, fidelity, and service. Some of the specific topics his talks address include: the example of the Holy Family of Nazareth; transmitting the faith; educating the children; family prayer; complementarity of male and female; celebration in family life; mercy and forgiveness; dealing with illness and death; learning the value of work; poverty and economic struggles; evangelizing the culture, and much more. Throughout his addresses, the Holy Father especially emphasizes the primary role of God and faith in family life, and the crucial importance of regular family prayer to draw on God's grace for strength, love, joy and unity within the home. The true joy which we experience in the family is not superficial; it does not come from material objects, from the fact that everything seems to be going well. . . . True joy comes from a profound harmony between persons, something which we all feel in our hearts. - Pope Francis
