cindy trimm breakthrough prayer pdf: Why Waco? James D. Tabor, Eugene V. Gallagher, 2023-11-10 The 1993 government assault on the Branch Davidian compound near Waco, Texas, resulted in the deaths of four federal agents and eighty Branch Davidians, including seventeen children. Whether these tragic deaths could have been avoided is still debatable, but what seems clear is that the events in Texas have broad implications for religious freedom in America. James Tabor and Eugene Gallagher's bold examination of the Waco story offers the first balanced account of the siege. They try to understand what really happened in Waco: What brought the Branch Davidians to Mount Carmel? Why did the government attack? How did the media affect events? The authors address the accusations of illegal weapons possession, strange sexual practices, and child abuse that were made against David Koresh and his followers. Without attempting to excuse such actions, they point out that the public has not heard the complete story and that many media reports were distorted. The authors have carefully studied the Davidian movement, analyzing the theology and biblical interpretation that were so central to the group's functioning. They also consider how two decades of intense activity against so-called cults have influenced public perceptions of unorthodox religions. In exploring our fear of unconventional religious groups and how such fear

curtails our ability to tolerate religious differences, *Why Waco?* is an unsettling wake-up call. Using the events at Mount Carmel as a cautionary tale, the authors challenge all Americans, including government officials and media representatives, to closely examine our national commitment to religious freedom.

Why would God not respond when we pray from the earnestness of our hearts? What is the problem, or better yet, what is the solution? Robert Henderson believes the answer is found in where your prayer actually takes place. We must direct our prayer towards the Courts of Heaven and not only the battlefield. Robert shows that it is in the courtrooms of Heaven where our breakthroughs can be found. When you learn to operate there you will see your answers unlocked and released. This book will teach you the legal processes of Heaven and how to operate in its courts. When you get off the battlefield and into the courtroom you can grant God the legal clearance to fulfill His passion and answer your prayers.

cindy trimm breakthrough prayer pdf: *A Hunger for God* John Piper, 2013-04-23 There is an appetite for God. And it can be awakened. I invite you to turn from the dulling effects of food and the dangers of idolatry, and to say with some simple fast: This much, O God, I want you. Our appetites dictate the direction of our lives - whether it be the cravings of our stomachs, the passionate desire for possessions or power, or the longings of our spirits for God. But for the Christian, the hunger for anything besides God can be an arch-enemy. While our hunger for God - and Him alone - is the only thing that will bring victory. Do you have that hunger for Him? As John Piper puts it: If we don't feel strong desires for the manifestation of the glory of God, it is not because you have drunk deeply and are satisfied. It is because we have nibbled so long at the table of the world. Our soul is stuffed with small things, and there is no room for the great. If we are full of what the world offers, then perhaps a fast might express, or even increase, our soul's appetite for God. Between the dangers of self-denial and self-indulgence is this path of pleasant pain called fasting. It is the path John Piper invites you to travel in this book. For when God is the supreme hunger of your heart, He will be supreme in everything. And when you are most satisfied in Him, He will be most glorified in you.
