To fight the Thousand Sons is to battle the entangling strands of fate itself, never knowing whether you're serving their inscrutable ends, even in victory. In war, the Thousand Sons combine the might of stalwart Chaos Space Marines with throngs of cultists and mutated beasts. At their core, the Thousand Sons' mastery of sorcery means they fight a war of flesh and blood, but also of psychic mastery - only the strongest enemy psykers can hope to match their potency. This 96-page book will give you everything you need to launch a crusade of eldritch terror across the galaxy, and make the most of the myriad units available to you.
