daily stoic journal pdf: Lives of the Stoics Ryan Holiday, Stephen Hanselman, 2020-09-29 Instant New York Times Advice & Business Bestseller, USA Today Bestseller, and Wall Street Journal #1 Bestseller! A New York Times Noteworthy Pick and a stellar work by Publishers Weekly From the bestselling authors of *The Daily Stoic* comes an inspiring guide to the lives of the Stoics, and what the ancients can teach us about happiness, success, resilience and virtue. Nearly 2,300 years after a ruined merchant named Zeno first established a school on the Stoa Poikile of Athens, Stoicism has found a new audience among those who seek greatness, from athletes to politicians and everyone in between. It's no wonder; the philosophy and its embrace of self-mastery, virtue, and indifference to that which we cannot control is as urgent today as it was in the chaos of the Roman Empire. In *Lives of the Stoics*, Holiday and Hanselman present the fascinating lives of the men and women who strove to live by the timeless Stoic virtues of Courage. Justice. Temperance. Wisdom. Organized in digestible, mini-biographies of all the well-known--and not so well-known--Stoics, this book vividly brings home what Stoicism was like for the people who loved it and lived it, dusting off powerful lessons to be learned from their struggles and successes. More than a mere history book, every example in these pages, from Epictetus to Marcus Aurelius--slaves to emperors--is designed to help the reader apply philosophy in their own lives. Holiday and Hanselman unveil the core values and ideas that unite figures from Seneca to Cato to Cicero across the centuries. Among them are the idea that self-rule is the greatest empire, that character is fate; how Stoics benefit from preparing not only for success, but failure; and learn to love, not merely accept, the hand they are dealt in life.

A treasure of valuable insights and stories, this book can be visited again and again by any reader in search of inspiration from the past.

daily stoic journal pdf: The Practicing Stoic Ward Farnsworth, 2018 The most helpful and practical philosophy ever devised. The advice the Stoics provided centuries ago is still the best anyone has offered and it's as useful today as it was then-or more. Stoicism means knowing the difference between what we can control and what we can't, and not worrying about the latter. The Stoics were masters of perspective, always taking the long view while remembering that life is short. And they were deep and insightful students of human nature, understanding how we manage to make ourselves miserable as well as how we seek and can find fulfillment. The great insights of the Stoics are spread over a wide range of ancient sources. Ward Farnsworth brings them all together and systematically presents what the various Stoic philosophers said on every important topic, accompanied by an eloquent commentary that is clear and concise. The result is a set of philosophy lessons for everyone-the most valuable wisdom of ages past made available for our times.

daily stoic journal pdf: The Boy Who Would Be King Ryan Holiday, 2021-02 It's one of the most incredible stories in all of history. A young boy, out of nowhere, is chosen to be the emperor of most of the known world. What he learned, what he did, who he was, would echo in eternity. In 138 AD, Hadrian, the emperor of Rome, chose Marcus Aurelius to succeed him. He knew no one was born ready for the job, so he arranged for the young boy's education. The greatest philosophers of the day were assigned to teach him, and all threw themselves at the almost inhuman task of preparing someone for absolute power. It's a parable for life, really. The gods, fate, someone chooses something for us, calls us to something. Will we answer? Will we step up? Will we achieve the greatness within us? Marcus Aurelius did. Absolute power not only didn't corrupt, it made him better. We marvel at him centuries later--this man who thought he would not be remembered, that posthumous fame was worthless--stands today more famous than ever. A hero to millions.--Dailystoic.com

daily stoic journal pdf: Courage Is Calling Ryan Holiday, 2021-09-28 The instant New York Times, Wall Street Journal, and USA Today Bestseller! Ryan Holiday's bestselling trilogy—The Obstacle Is the Way, Ego is the Enemy, and Stillness is the Key—captivated professional athletes, CEOs, politicians, and entrepreneurs and helped bring Stoicism to millions of readers. Now, in the first book of an exciting new series on the cardinal virtues of ancient philosophy, Holiday explores the most foundational virtue of all: Courage. Almost every religion, spiritual practice, philosophy and person grapples with fear. The most repeated phrase in the Bible is "Be not afraid." The ancient Greeks spoke of phobos, panic and terror. It is natural to feel fear, the Stoics believed, but it cannot rule you. Courage, then, is the ability to rise above fear, to do what's right, to do what's needed, to do what is true. And so it rests at the heart of the works of Marcus Aurelius, Aristotle, and CS Lewis, alongside temperance, justice, and wisdom. In *Courage Is Calling*, Ryan Holiday breaks down the elements of fear, an expression of cowardice, the elements of courage, an expression of bravery, and lastly, the elements of heroism, an expression of valor. Through engaging stories about historic and contemporary leaders, including Charles De Gaulle, Florence Nightingale, and Dr. Martin Luther King Jr., Holiday shows you how to conquer fear and practice courage in your daily life. You'll also delve deep into the moral dilemmas and courageous acts of lesser-known, but equally as important, figures from ancient and modern history, such as Helvidius Priscus, a Roman Senator who stood his ground against emperor Vespasian, even in the face of death; Frank Serpico, a former New York City Police Department Detective who exposed police corruption; and Frederick Douglass and a slave named Nelly, whose fierce resistance against her captors inspired his own crusade to end slavery. In a world in which fear runs rampant—when people would rather stand on the sidelines than speak out against injustice, go along with convention than bet on themselves, and turn a blind eye to the ugly realities of modern life—we need courage more than ever. We need the courage of whistleblowers and risk takers. We need the courage of activists and adventurers. We need the courage of writers who speak the truth—and the courage of leaders to listen. We need you to step into the arena and fight.

daily stoic journal pdf: Stillness Is the Key Ryan Holiday, 2019-10-01 Instant #1 New York Times Bestseller & Wall Street Journal Bestseller In *The Obstacle Is the Way* and *Ego Is the Enemy*, bestselling author Ryan Holiday made ancient wisdom wildly popular with a new generation of leaders in sports, politics, and technology. In his new book, *Stillness Is the Key*, Holiday draws on timeless Stoic and Buddhist philosophy to show why slowing down is the secret weapon for those charging ahead. All great leaders, thinkers, artists, athletes, and visionaries share one indelible quality. It enables them to conquer their tempers. To avoid distraction and discover great insights. To achieve happiness and do the right thing. Ryan Holiday calls it stillness—to be steady while the world spins around you. In this book, he outlines a path for achieving this ancient, but urgently necessary way of living. Drawing on a wide range of history's greatest thinkers, from Confucius to Seneca, Marcus Aurelius to Thich Nhat Hanh, John Stuart Mill to Nietzsche, he argues that stillness is not mere inactivity, but the doorway to self-mastery, discipline, and focus. Holiday also examines figures who exemplified the power of stillness: baseball player Sadaharu Oh, whose study of Zen made him the greatest home run hitter of all time; Winston Churchill, who in balancing his busy public life with time spent laying bricks and painting at his Chartwell estate managed to save the world from annihilation in the process; Fred Rogers, who taught generations of children to see what was invisible to the eye; Anne Frank, whose journaling and love of nature guided her through unimaginable adversity. More than ever, people are overwhelmed. They face obstacles and egos and competition. *Stillness Is the Key* offers a simple but inspiring antidote to the stress of 24/7 news and social media. The stillness that we all seek is the path to meaning, contentment, and excellence in a world that needs more of it than ever.

Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges—how to get relative with the inevitable—you can enjoy a state of success I call "catching greenlights." So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.

daily stoic journal pdf: *EGO IS THE ENEMY* Ryan Holiday, 2019-04-08 Buku yang Anda pegang saat ini ditulis dengan satu asumsi optimis: Ego Anda bukanlah kekuatan yang harus Anda puaskan pada setiap kesempatan. Ego dapat diatur. Ego dapat diarahkan. Dalam buku ini, kita akan melihat orang-orang, seperti William Tecumseh Sherman, Katharine Graham, Jackie Robinson, Eleanor Roosevelt, Bill Walsh, Benjamin Franklin, Belisarius, Angela Merkel, dan George C. Marshall. Bisakah mereka mendapatkan yang telah mereka dapatkan sekarang—menyelamatkan perusahaan yang hampir bangkrut, menguasai seni peperangan, menjaga kekompakan tim bisbol, merevolusi strategi rugby, melawan tirani, dan menghadapi ketidakberuntungan—jika ego menguasai mereka dan membuat mereka hanya memikirkan diri sendiri? Hal yang membuat mereka sukses adalah pemahaman terhadap realitas dan kesadaran—sesuatu yang pernah dikatakan oleh seorang penulis dan ahli strategi Robert Greene, “kita perlu menyerupai laba-laba dalam sarangnya”. Itulah inti dari kehebatan mereka, kehebatan penulisan, kehebatan desain, kehebatan bisnis, kehebatan dalam pemasaran, dan kehebatan kepemimpinan mereka. Yang kami temukan saat mempelajari orang-orang tersebut adalah mereka selalu memiliki dasar berpikir, berhati-hati, dan realistis. Tidak ada satu pun dari mereka yang tidak memiliki ego sama sekali. Akan tetapi, mereka tahu cara meredamnya. Tahu cara menyalurkannya dan melepaskannya, ketika ego muncul. Mereka hebat namun tetap rendah hati. Sebentar, tunggu dulu, tetapi ada juga beberapa orang yang memiliki ego tinggi dan sukses. Bagaimana dengan Steve Jobs? Kanye West? Beberapa dari mereka mempelajari kerendahan hati. Beberapa orang memilih ego. Beberapa mempersiapkan diri untuk perubahan nasib, positif ataupun negatif. Yang lainnya tidak siap. Yang mana yang akan Anda pilih? Akan menjadi siapakah Anda? Yang pasti, Anda telah memilih buku ini karena merasa bahwa Anda membutuhkan menjawab pertanyaan itu, cepat atau lambat, sadar atau tidak sadar.

daily stoic journal pdf: *Perennial Seller* Ryan Holiday, 2017-07-18 The book that Inc. says every entrepreneur should read and an FT Book of the Month selection... How did the movie *The Shawshank Redemption* fail at the box office but go on to gross more than \$100 million as a cult classic? How did *The 48 Laws of Power* miss the bestseller lists for more than a decade and still sell more than a million copies? How is Iron Maiden still filling stadiums worldwide without radio or TV exposure forty years after the band was founded? Bestselling author and marketer Ryan Holiday calls such works and artists perennial sellers. How do they endure and thrive while most books, movies, songs, video games, and pieces of art disappear quickly after initial success? How can we create and market creative works that achieve longevity? Holiday explores this mystery by drawing on his extensive experience working with businesses and creators such as Google, American Apparel, and the author John Grisham, as well as his interviews with the minds behind some of the greatest perennial sellers of our time. His fascinating examples include: • Rick Rubin, producer for Adele, Jay-Z, and the Red Hot Chili Peppers, who teaches his artists to push past short-term thinking and root their work in long-term inspiration. • Tim Ferriss, whose books have sold millions of copies, in part because he rigorously tests every element of his work to see what generates the strongest response. • *Seinfeld*, which managed to capture both the essence of the nineties and timeless themes to become a modern classic. • Harper Lee, who transformed a muddled manuscript into *To Kill a Mockingbird* with the help of the right editor and feedback. • Winston Churchill, Stefan Zweig, and Lady Gaga, who each learned the essential tenets of building a platform of loyal, dedicated supporters. Holiday reveals that the key to success for many perennial sellers is that their creators don't distinguish between the making and the marketing. The product's purpose and audience are in the creator's mind from day one. By thinking holistically about the relationship between their audience and their work, creators of all kinds improve the chances that their offerings will stand the test of time.

daily stoic journal pdf: Stoicism and the Art of Happiness Donald Robertson, 2018-09-06 The stoics lived a long time ago, but they had some startling insights into the human condition - insights which endure to this day. The philosophical tradition, founded in Athens by Zeno of Citium in 301 BC, endured as an active movement for almost 500 years, and contributions from dazzling minds such as Cicero, Seneca and Marcus Aurelius helped create a body of thought with an extraordinary goal - to provide a rational, healthy way of living in harmony with the nature of the universe and in respect of our relationships with each other. In many ways a precursor to Cognitive Behavioural Therapy (CBT), Stoicism provides an armamentarium of strategies and techniques for developing psychological resilience, while celebrating all in life which is beautiful and important. By learning what stoicism is, you can revolutionise your life and learn how to seize the day, live happily and be a better person. This simple, empowering book shows how to use this ancient wisdom to make practical, positive changes to your life. Using thought-provoking case studies, highlighting key ideas and things to remember and providing tools for self-assessment, it demonstrates that Stoicism is a proven, profound pathway to happiness.

daily stoic journal pdf: The Obstacle Is the Way Ryan Holiday, 2014-05-01 #1 Wall Street Journal Bestseller The Obstacle is the Way has become a cult classic, beloved by men and women around the world who apply its wisdom to become more successful at whatever they do. Its many fans include a former governor and movie star (Arnold Schwarzenegger), a hip hop icon (LL Cool J), an Irish tennis pro (James McGee), an NBC sportscaster (Michele Tafoya), and the coaches and players of winning teams like the New England Patriots, Seattle Seahawks, Chicago Cubs, and University of Texas men's basketball team. The book draws its inspiration from stoicism, the ancient Greek philosophy of enduring pain or adversity with perseverance and resilience. Stoics focus on the things they can control, let go of everything else, and turn every new obstacle into an opportunity to get better, stronger, tougher. As Marcus Aurelius put it nearly 2000 years ago: "The impediment to action advances action. What stands in the way becomes the way." Ryan Holiday shows us how some of the most successful people in history—from John D. Rockefeller to Amelia Earhart to Ulysses S. Grant to Steve Jobs—have applied stoicism to overcome difficult or even impossible situations. Their embrace of these principles ultimately mattered more than their natural intelligence, talents, or luck. If you're feeling frustrated, demoralized, or stuck in a rut, this book can help you turn your problems into your biggest advantages. And along the way it will inspire you with dozens of true stories of the greats from every age and era.

Irvine explains how centuries-old wisdom can help us better cope with everything from the everyday stresses of modern living to its significant crises. The Stoic Challenge uniquely combines insights from ancient Stoics like Marcus Aurelius, Seneca, and Epictetus with techniques discovered by contemporary psychological research, such as anchoring and framing. The result is Irvine's surprisingly simple, updated "Stoic test strategy," which teaches us how to dramatically alter our emotional response to life's stumbling blocks. Not only can we overcome these obstacles?we can benefit from them, too.
