Background and Origin of the Driving Miss Daisy Script

The driving miss daisy script was first penned by Alfred Uhry as a stage play in 1987. It received the Pulitzer Prize for Drama in 1988, highlighting its significance within American literature and theater. The story is set in Atlanta, Georgia, spanning the years from the late 1940s to the early 1970s. It encapsulates social changes through the evolving relationship between Daisy Werthan, an elderly Jewish widow, and Hoke Colburn, her African American chauffeur. The original script was designed to explore themes of racial tension, aging, dignity, and friendship against the backdrop of the American South.

The success of the play led to a film adaptation released in 1989, starring Jessica Tandy and Morgan Freeman. This version further popularized the driving miss daisy script, establishing it as a culturally significant narrative. Both the play and the screenplay maintain the core elements of the original script, ensuring the story's emotional and thematic integrity remains intact. Understanding the background of the script allows for a deeper appreciation of its cultural and historical context.

Key Characters and Their Roles

The driving miss daisy script is centered around two primary characters whose interactions provide the foundation for the entire narrative. These characters embody contrasting perspectives shaped by their personal experiences and societal roles.

Daisy Werthan

Daisy Werthan is a strong-willed, independent Jewish widow in her seventies. Her character is portrayed as intelligent, proud, and initially resistant to accepting help due to her desire to maintain independence. Throughout the script, Daisy undergoes significant development as she learns to trust and value Hoke's company. Her character also symbolizes the older generation confronting changes in society and personal limitations.

Hoke Colburn

Hoke Colburn is the patient and dignified chauffeur hired to drive Daisy. As an African American man living in the segregated South, Hoke's experiences reflect the racial challenges of the era. His respectful and gentle demeanor contrasts with Daisy's initial stubbornness, and their evolving friendship breaks down social and racial barriers. Hoke's role is essential for portraying themes of empathy, respect, and human connection.

Supporting Characters

While Daisy and Hoke dominate the narrative, the script also includes supporting roles that enrich the story's context. These characters provide external perspectives on the main relationship and contribute to the depiction of societal norms.

- Boolie Werthan – Daisy's son, who facilitates the hiring of Hoke and represents a bridge between Daisy and changing societal attitudes.
- Various minor characters – Neighbors, friends, and community members who reflect the cultural environment of the time.

driving miss daisy script: *Midnight in the Garden of Good and Evil* John Berendt, 1994-01-13 NATIONAL BESTSELLER • A modern classic of true crime, set in a most beguiling Southern city—now in a 30th anniversary edition with a new afterword by the author "Elegant and wicked . . . might be the first true-crime book that makes the reader want to book a bed and breakfast for an extended weekend at the scene of the crime."—The New York Times Book Review Shots rang out in Savannah's grandest mansion in the misty, early morning hours of May 2, 1981. Was it murder or self-defense? For nearly a decade, the shooting and its aftermath reverberated throughout this hauntingly beautiful city of moss-hung oaks and shaded squares. In this sharply observed, suspenseful, and witty narrative, John Berendt skillfully interweaves a hugely entertaining first-person account of life in this isolated remnant of the Old South with the unpredictable twists and turns of a landmark murder case. It is a spellbinding story peopled by a gallery of remarkable characters: the well-bred society ladies of the Married Woman's Card Club; the turbulent young gigolo; the hapless recluse who owns a bottle of poison so powerful it could kill every man, woman, and child in Savannah; the aging and profane Southern belle who is the "soul of pampered self-absorption"; the uproariously funny drag queen; the acerbic and arrogant antiques dealer; the sweet-talking, piano-playing con artist; young people dancing the minuet at the black debutante ball; and Minerva, the voodoo priestess who works her magic in the graveyard at midnight. These and other Savannahians act as a Greek chorus, with Berendt revealing the alliances, hostilities, and intrigues that thrive in a town where everyone knows everyone else. Brilliantly conceived and masterfully written, *Midnight in the Garden of Good and Evil* is a sublime and seductive reading experience.

driving miss daisy script: Writing the Character-Centered Screenplay, Updated and Expanded edition Andrew Horton, 2000-02-23 We need good screenwriters who understand character. Everywhere Andrew Horton traveled in researching this book—from Hollywood to Hungary—he heard the same refrain. Yet most of the standard how-to books on screenwriting follow the film industry's earlier lead in focusing almost exclusively on plot and formulaic structures. With this book, Horton, a film scholar and successful screenwriter, provides the definitive work on the character-based screenplay. Exceptionally wide-ranging—covering American, international, mainstream, and off-Hollywood films, as well as television—the book offers creative strategies and essential practical information. Horton begins by placing screenwriting in the context of the storytelling tradition, arguing through literary and cultural analysis that all great stories revolve around a strong central character. He then suggests specific techniques and concepts to help any writer—whether new or experienced—build more vivid characters and screenplays. Centering his discussion around four film examples—including *Thelma & Louise* and *The Silence of the Lambs*—and the television series, *Northern Exposure*, he takes the reader step-by-step through the screenwriting process, starting with the development of multi-dimensional characters and continuing through to rewrite. Finally, he includes a wealth of information about contests, fellowships, and film festivals. Espousing a new, character-based approach to screenwriting, this engaging, insightful work will prove an essential guide to all of those involved in the writing and development of film scripts.

Screen Acting discusses the development of film acting, from the stylisation of the silent era, through the naturalism of Lee Strasberg's 'Method', to Mike Leigh's use of improvisation. The contributors to this innovative volume explore the philosophies which have influenced acting in the movies and analyse the styles and techniques of individual filmmakers and performers, including Bette Davis, James Mason, Susan Sarandon and Morgan Freeman. There are also interviews with working actors: Ian Richardson discusses the relationship between theatre, film and television acting; Claire Rushbrook and Ron Cook discuss their work with Mike Leigh, and Helen Shaver discusses her work with the critic Susan Knobloch.

driving miss daisy script: Nollywood Jonathan Haynes, 2016-10-04 The English-language branch of the Nigerian film industry, Nollywood, has become the third largest in the world. Nollywood films saturate Nigeria and have spread across the African continent, achieving an astonishing extent and depth of cultural influence. They are the most important modern cultural form to come out of Africa. In this book, Jonathan Haynes aims to map out the cultural terrain of Nollywood films much more comprehensively and ambitiously than has been to date. He in effect establishes a canon for Nollywood films. The book is organized around the historical development of Nollywood film culture, which is explored with close attention to the recent history of Nigeria. Throughout the book, genre (defined with reference to common usage in Nigerian film markets) is the principal framework. Thus after establishing a sense of the material and social circumstances out of which Nollywood was born and exploring a few landmark films, Haynes analyzes the durable set of themes and plot types that dominate the industry and reveal deeply embedded tensions in contemporary Nigerian life. These genres include family films and romances, village films, cultural epics, political films, films made in or about the Nigerian diaspora, and campus films. Haynes concludes by offering some remarks on the future of Nollywood, exploring the buzz around a New Nollywood of films with higher budgets fit for international film festivals and widespread screening in cinemas in Nigeria and abroad.

driving miss daisy script: Performing Age in Modern Drama Valerie Barnes Lipscomb, 2016-07-14 This book is the first to examine age across the modern and contemporary dramatic canon, from Arthur Miller and Tennessee Williams to Paula Vogel and Doug Wright. All ages across the life course are interpreted as performance and performative both on page and on stage, including professional productions and senior-theatre groups. The common admonition act your age provides the springboard for this study, which rests on the premise that age is performative in nature, and that issues of age and performance crystallize in the theatre. Dramatic conventions include characters who change ages from one moment to the next, overtly demonstrating on stage

the reiterated actions that create a performative illusion of stable age. Moreover, directors regularly cast actors in these plays against their chronological ages. Lipscomb contends that while the plays reflect varying attitudes toward performing age, as a whole they reveal a longing for an ageless self, a desire to present a consistent, unified identity. The works mirror prevailing social perceptions of the aging process as well as the tension between chronological age, physiological age, and cultural constructions of age.

'Beresford's style resembles the action of a veteran wrist-spinner. His technique looks loose, even effortless. His sentences drift along genially for a while, then suddenly bite the pitch and turn...He isn't merely smart by Hollywood standards. He is smart by any standard...In a world rife with philistines, he demonstrates that the best revenge is laughter, and living and working well.' Australian 'Beresford writes with skill and insight, humour.' Otago Daily Times 'This quirky collection of occasional writings from 2007 to 2017 paints a picture of a modest man with a curious mind...Beresford retains a wry sense of humour and an enjoyable willingness to share candid and unflattering details.' Big Issue 'A collection of warm, droll and often frank personal essays...An honest and reflective book.' AU Review

driving miss daisy script: Alan Partridge Steve Coogan, 2003 Through a combination of naked ambition, selfishness and insensitivity, Alan Partridge made himself the man he is. But it wasn't always easy. Clinically fed up, but he bounced back - to somewhere close to where he was before, but less high profile. He's enjoyed everything a life in broadcasting has to offer, and encountered mentalists, scary Irishmen, lady boys, Scotch eggs, Mick Hucknall and rejection along the way.

driving miss daisy script: Principles of Adaptation for Film and Television Ben Brady, 1994 From *All Quiet on the Western Front*, the Academy Award-winning Best Picture of 1930, to *Dances with Wolves*, the 1991 winner, many of Hollywood's most popular and enduring movies have been screen adaptations of written work, including novels, stories, and plays. In this practical, hands-on guide, veteran TV and screenwriter Ben Brady unlocks the secrets of the adaptation process, showing aspiring writers and writing teachers how to turn any kind of narrative material into workable, salable screenplays for film and television. Step by step, Brady guides novice screenwriters to the completion of a professional screenplay. He begins with an incisive discussion of how to evaluate a written work's potential as a screenplay. Then he discusses each step of the writing process, showing how to identify the plot and premise of the play, develop character,

treatment, and dialogue, and handle camera language and format. Brady illustrates each of these points by developing and writing a complete screenplay of the novel *Claire Serrat* within the text. With these tools, beginning screenwriters can draw on the rich resources of words in print to create exciting screenplays for film and television. Written in vivid, entertaining prose, the book will be equally useful in the classroom or at the kitchen table, wherever enterprising writers ply their craft.
