drunvalo melchizedek 2023: Living in the Heart Drunvalo Melchizedek, 2012-04-27 Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your

heart. But do you remember? Or do you only remember the dream? Why am I telling you about this something that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.

Amit Chaudhuri, novelist, critic, and essayist, is also a musician, trained in the Indian classical vocal tradition but equally fluent as a guitarist and singer in the American folk music style, who has recorded his experimental compositions extensively and performed around the world. A turning point in his life took place when, as a lonely teenager living in a high-rise in Bombay, far from his family's native Calcutta, he began, contrary to all his prior inclinations, to study Indian classical music. *Finding the Raga* chronicles that transformation and how it has continued to affect and transform not only how Chaudhuri listens to and makes music but how he listens to and thinks about the world at large. Offering a highly personal introduction to Indian music, the book is also a meditation on the differences between Indian and Western music and art-making as well as the ways they converge in a modernism that Chaudhuri reframes not as a twentieth-century Western art movement but as a fundamental mode of aesthetic response, at once immemorial and extraterritorial. *Finding the Raga* combines memoir, practical and cultural criticism, and philosophical reflection with the same individuality and flair that Chaudhuri demonstrates throughout a uniquely wide-ranging, challenging, and enthralling body of work.

drunvalo melchizedek 2023: *Nietzsche and Dostoevsky* Paolo Stellino, 2015-09-17 The first time that Nietzsche crossed the path of Dostoevsky was in the winter of 1886-87. While in Nice, Nietzsche discovered in a bookshop the volume *L'esprit souterrain*. Two years later, he defined Dostoevsky as the only psychologist from whom he had anything to learn. The second, metaphorical encounter between Nietzsche and Dostoevsky happened on the verge of nihilism. Nietzsche announced the death of God, whereas Dostoevsky warned against the danger of atheism. This book describes the double encounter between Nietzsche and Dostoevsky. Following the chronological thread offered by Nietzsche's correspondence, the author provides a detailed analysis of Nietzsche's engagement with Dostoevsky from the very beginning of his discovery to the last days before his mental breakdown. The second part of this book aims to dismiss the wide-spread and stereotypical reading according to which Dostoevsky foretold and criticized in his major novels some of Nietzsche's most dangerous and nihilistic theories. In order to reject such reading, the author focuses on the following moral dilemma: If God does not exist, is everything permitted?

The seven Hermetic laws are explored in depth and demonstrate how a mindfulness that embraces 'other' as 'self' can reverse the typical misapplication of these inescapable laws of Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause & Effect and Generation. Ubiquitous geometric symbols, paired to each of these laws - the circle, vesica piscis, sine wave, line, spiral, fractal and yin-yang - and their countless commonplace variations, seen from the vantage point of shared interests, reflect these ideas. The inspired use of natural law restores attributes of life, love, strength, purity, beauty, perfection and gratitude to our awareness.

Mother Earth's Kundalini energy emerges from its resting place in the planet's core and moves like a snake across the surface of our world. Once at home in ancient Lemuria, it moved to Atlantis, then to the Himalayan mountains of India and Tibet, and with every relocation changed our idea of what

spiritual means. And gender. And heart. This time, with much difficulty, the Serpent of Light has moved to the Andes Mountains of Chile and Peru. Multi-dimensional, multi-disciplined, and multi-lived, for the first time in this book, Drunvalo begins to tell his stories of 35 years spent in service to Mother Earth. Follow him around the world as he follows the guidance of Ascended Masters, his two spheres of light, and his own inner growing knowledge. His story is a living string of ceremonies to help heal hearts, align energies, right ancient imbalances, and balance the living Earth's Unity Consciousness Grid-- in short to increase our awareness of the indivisibility of life in the universe. We are all--rocks and people and interdimensional beings--one!

drunvalo melchizedek 2023: Fingerprints of the Gods Graham Hancock, 2012-09-19 Could the story of mankind be far older than we have previously believed? Using tools as varied as archaeo-astronomy, geology, and computer analysis of ancient myths, Graham Hancock presents a compelling case to suggest that it is. Graham Hancock is featured in *Ancient Apocalypse*, a Netflix original docuseries. "A fancy piece of historical sleuthing . . . intriguing and entertaining and sturdy enough to give a long pause for thought."—Kirkus Reviews In *Fingerprints of the Gods*, Hancock embarks on a worldwide quest to put together all the pieces of the vast and fascinating jigsaw of mankind's hidden past. In ancient monuments as far apart as Egypt's Great Sphinx, the strange Andean ruins of Tihuanaco, and Mexico's awe-inspiring Temples of the Sun and Moon, he reveals not only the clear fingerprints of an as-yet-unidentified civilization of remote antiquity, but also startling evidence of its vast sophistication, technological advancement, and evolved scientific knowledge. A record-breaking number one bestseller in Britain, *Fingerprints of the Gods* contains the makings of an intellectual revolution, a dramatic and irreversible change in the way that we understand our past—and so our future. And *Fingerprints of God* tells us something more. As we recover the truth about prehistory, and discover the real meaning of ancient myths and monuments, it becomes apparent that a warning has been handed down to us, a warning of terrible cataclysm that afflicts the Earth in great cycles at irregular intervals of time—a cataclysm that may be about to recur. "Readers will hugely enjoy their quest in these pages of inspired storytelling."—The Times (UK)

drunvalo melchizedek 2023: Harmonic Experience W. A. Mathieu, 1997-08-01 An exploration of musical harmony from its ancient fundamentals to its most complex modern progressions, addressing how and why it resonates emotionally and spiritually in the individual. W. A. Mathieu, an accomplished author and recording artist, presents a way of learning music that reconnects modern-day musicians with the source from which music was originally generated. As the author states, The rules of music--including counterpoint and harmony--were not formed in our brains but in the resonance chambers of our bodies. His theory of music reconciles the ancient harmonic system of just intonation with the modern system of twelve-tone temperament. Saying that the way we think music is far from the way we do music, Mathieu explains why certain combinations of sounds are experienced by the listener as harmonious. His prose often resembles the rhythms and cadences of music itself, and his many musical examples allow readers to discover their own musical responses.

drunvalo melchizedek 2023: *Esoteric Egypt* J. S. Gordon, 2015-01-30 A study of the 100,000-year-old spiritual science of ancient Egypt • Examines the metaphysical structure of our universe as seen by the ancient Egyptians, Greeks, and Celts, showing that each is based on the same central concepts from time immemorial • Reveals that the ancient Egyptians believed in reincarnation and a spiritual evolutionary process • Explains the connections between the movements of Orion and Sirius and the story of Osiris and Isis, the importance of the Pleiades and circumpolar stars to the Egyptians, and the fundamental unity of the Egyptian pantheon • Investigates the people who colonized greater Egypt 100,000 years ago, descendants of the Atlanteans In *Esoteric Egypt*, J. S. Gordon reveals how the sacred science and wisdom tradition of ancient Egypt--the Land of Khem--stems from an advanced prehistoric worldwide civilization. Examining the metaphysical structure of our universe as seen by the ancient Egyptians, Greeks, and Celts, he shows that each tradition is merely a variation on the central concepts of the precession of the equinoxes and the obliquity of the ecliptic pole. He explores the connections between the cyclical movements of Orion and Sirius and the story of Osiris and Isis, the importance of the Pleiades and the circumpolar stars, and the ancient tradition of man as a divine being "born from the substance of the stars." He investigates the people who colonized greater Egypt 100,000 years ago, the progenitors of ancient Egyptian civilization descended from the 4th- and 5th-Root Race Atlanteans. Gordon explores the magical and esoteric meanings behind Egyptian sacred ritual and temple art, drawing parallels to the Mystery School process of initiation. Explaining the fundamental unity of the Egyptian pantheon and the structure of the after-death state, he shows that the Egyptians clearly believed in reincarnation and a spiritual evolutionary process. Revealing the ancient sacred science of the Land of Khem, teachings passed down from the earliest times, he examines the psychospiritual nature of the human being and the function of our spiritual identity and our souls.

drunvalo melchizedek 2023: *The Astrology of 2012 and Beyond* Cal Garrison, 2009-07-01 In October 2007, a new phenomenon appeared in the sky, was named the Comet Holmes, and is being claimed and acclaimed by the Hopi Nation as the Blue Star of their prophecy. The Blue Star is the harbinger. Between now and somewhere in 2013-2014, when the Red Star appears, great shifts in human consciousness will continue. With the fulfillment of the Mayan Long Count calendar in 2012 and the appearance of the Red Star, many are predicting that human consciousness will rise to the next level. Although there may be catastrophic events associated with this period, and life as we know it will surely change, if we do the work, this will not be the Apocalypse. In *The Astrology of 2012 and Beyond*, Garrison explores the changing sky, starting with the movement of Pluto into Capricorn, a region it hasn't inhabited since 1733. It's revolutionary times coming for individuals,

governments, and the planet. Garrison draws on traditional astrology and her understanding of the Hopi prophecies and their relationship to the Mayan 2012 predictions, as well as the ending of the 13,000 year masculine kundalini cycle, to offer practical advice and information that will help us evolve through the next four years, including what to expect during the nearly inevitable polar shift.

drunvalo melchizedek 2023: Temples of The African Gods Michael Tellingner, 2021-04-06 South Africa and Zimbabwe are home to the largest cluster of ancient stone ruins found to date on Earth. Adam's Calendar is at the centre of it all - the oldest functioning megalithic Sun Calendar found to date. Since 2007, more than 5 million circular stone structures have been identified by Michael Tellingner and a small group of independent researchers. These structures are not stand-alone stone circles - they are all connected to each other by channels of stone, and held in a large mesh of agricultural terraces that cover entire mountains and resembles a never-ending spider's web. The great mystery is that the original stone structures have no doors or entrances - indicating that they were not originally constructed as dwellings for people or animals. Additional research and the discovery of mysterious tools and artefacts, indicate that the builders had an advanced knowledge of Cymatics - study of sound - and knew how to use sound as a tool. Together with many ancient gold mines, all this activity has been dated with various scientific techniques to well over 100,000 years - and provides much support for the presence of the Sumerian Anunnaki on Earth - mining gold in Southern Africa. A place often referred to as the ABZU. Scholars have told us that the first civilization on Earth emerged in a land called Sumer some 6000 years ago. These archaeological findings in southern Africa suggest that the Sumerians inherited much of their knowledge from an earlier civilization that emerged many thousands of years before them in southern Africa, the cradle of humankind.

drunvalo melchizedek 2023: Waking Up in 5D Maureen J. St. Germain, 2017-09-12 Tools and teachings to guide you in the transition from the polarized mindset of the 3rd dimension to the joy and love of 5th dimensional vibrations • Explains how to recognize the 5D experiences you've already had, identify the differences between 3D linear thinking and 5D multidimensional thinking, and turn 3D viewpoints around to expand your perception of what is possible • Includes exercises to protect your energies, especially while sleeping, and Sacred Geometry meditations to open yourself to higher frequencies • Reveals how to develop a Higher Self connection, increase your sensitivity to dimensional signatures, and consciously choose 5D, where love is the governing force We are all transitioning from the narrowly-focused and polarized awareness of the Third Dimension and waking up to the higher vibrations and abilities of the Fifth Dimension. Each of us has already experienced 5D: Think about your most memorable and uplifting experiences of the recent past--where everything went well, interactions were harmonious and loving, and all felt blissful and happy--that's 5D. For some, the shift is sudden and permanent, but for many of us, the change is gradual, coming in fleeting moments and waves. In this ascension manual, spiritual teacher Maureen J. St. Germain explains how to shift your energetic patterns and choose to permanently anchor yourself in the joy, love, and kindness of 5D. Guiding you through the opportunities the Fifth Dimension has to offer, the author reveals how to develop a Higher Self connection, increase your sensitivity to dimensional signatures, and consciously choose 5D, where love is the governing force. She shows how 5D relates to 3D as well as to 4D, the transitional dimension between the two, and explains how to read the energy patterns that distinguish one dimension from the next as well as how to experience multiple dimensions simultaneously. She explores how to identify the differences between "good vs. evil" polarized 3D linear thinking and dynamic 5D multidimensional thinking and how to turn 3D viewpoints around to expand your perception of what is possible. Offering eye-opening stories of 5D experiences from students and inspiring information from her spirit guides, the author also details exercises to protect your energies, especially while sleeping, and provides Sacred Geometry meditations to activate your 8th chakra and open yourself to higher frequencies. She also explores how awakening to 5D allows you to form a strong bond to global consciousness, so your personal transformations will have a more profound impact on the people in your circle, and beyond.

drunvalo melchizedek 2023: Serpent of Light (16pt Large Print Edition) Drunvalo

Melchizedek, 2011-05-14 Every 13,000 years on Earth a sacred and secret event takes place that changes everything. Mother Earth's Kundalini energy emerges from its resting place in the planet's core and moves like a snake across the surface of our world. Once at home in ancient Lemuria, it moved to Atlantis, then to the Himalayan mountains of India and Tibet, and with every relocation changed our idea of what spiritual means. And gender. And heart. This time, with much difficulty, the Serpent of Light has moved to the Andes Mountains of Chile and Peru. Multi-dimensional, multi-disciplined, and multi-lived, for the first time in this book, Drunvalo begins to tell his stories of 35 years spent in service to Mother Earth. Follow him around the world as he follows the guidance of Ascended Masters, his two spheres of light, and his own inner growing knowledge. His story is a living string of ceremonies to help heal hearts, align energies, right ancient imbalances, and balance the living Earth's Unity Consciousness Grid - in short to increase our awareness of the indivisibility of life in the universe. We are all - rocks and people and interdimensional beings - one! Part travel adventure, part spiritual instruction - a firsthand account of a once in 13,000 years process. Drunvalo Melchizedek has a story to tell - an adventure story, a story of healing ceremonies that take place from the Yucatan to Kauai and Moorea to the Grand Canyon and New Zealand and to Peru. See what can happen when we choose to open our hearts and follow the path of light.

I love this book. —Paulo Coelho The *Motivation Manifesto* is a call to claim our personal power. World-renowned high performance trainer Brendon Burchard reveals that the main motive of humankind is the pursuit of greater Personal Freedom. We desire the grand liberties of choice—time freedom, emotional freedom, social freedom, financial freedom, spiritual freedom. Only two enemies stand in our way: an external enemy, defined as the social oppression of who we are by the mediocre masses, and an internal enemy, a sort of self-oppression caused by our own doubt and fear. The march to Personal Freedom, Brendon says, can be won only by declaring our intent and independence, stepping into our personal power, and battling through self-doubt and the distractions of the day until full victory is won. Recalling the revolutionist voices of the past that chose freedom over tyranny, Brendon motivates us to free ourselves from fear and take back our lives once and for all. In this life-changing personal growth book, Brendon presents his nine declarations for personal power and motivation, drawing on insights from his own personal journey and from the lives of some of history's greatest leaders and thinkers. Each chapter focuses on one of the nine declarations, offering practical strategies and exercises to help you apply these principles to your life. Whether you're seeking to overcome self-doubt, boost your confidence, or achieve your goals, *The Motivation Manifesto* is an invaluable guide to unlocking your full potential. drunvalo melchizedek 2023: *The Ancient Secret of the Flower of Life, Volume 1* Drunvalo Melchizedek, 2012-04-28 Once, all life in the universe knew the Flower of Life as the creation pattern - the geometrical design leading us into and out of physical existence. Then from a very high state of consciousness we fell in darkness and forgot who we were. For thousands of years the secret was held in ancient artifacts and carvings around the world, and encoded in the cells of all life. Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop, illuminating the mysteries of how we came to be, why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty. Sacred Geometry is the form beneath our being and points to a divine order in our reality. We can follow that order from the invisible atom to the infinite stars, finding ourselves at each step. The information here is one path, but between the lines and drawings lie the feminine gems of intuitive understanding. Explore the miracle of our existence by meandering through the wonderland of geometry, science, ancient history and new discovery, seen through the widened vision of Drunvalo and the Flower of Life. Volume 2 will explore in great detail the Mer-Ka-Ba, the 55-foot-diameter energy field of the human lightbody. This knowledge leads to ascension and the next dimensional world. About the Author Drunvalo Melchizedek's life experience reads like an encyclopedia of breakthroughs in human endeavor. He studied physics and art at the University of California at Berkeley, but he personally feels that his most important education came after college. In the last 25 years he has studied with over 70 teachers from all belief systems and religious understandings, providing him with a wide breadth of knowledge, compassion and acceptance. Not only is Drunvalo's mind exceptional, but his heart, his warm personality, his love for all life everywhere, is immediately understood and felt by anyone who meets him. For some time now he has been bringing his vast vision to the world through the Flower of Life program and the Mer-Ka-Ba meditation.
