Origins and History of Enochian Spells

Enochian spells have their roots in the late 1500s when John Dee, an English mathematician and occultist, and his scribe Edward Kelley claimed to receive communications from angelic beings. These communications were delivered through a complex system of calls, symbols, and an alphabet that came to be known as the Enochian language. The spells were intended as a means of accessing higher spiritual knowledge and invoking angelic forces for various magical purposes. Over time, enochian spells have been incorporated into ceremonial magic traditions, particularly within the Hermetic Order of the Golden Dawn and subsequent occult movements. Understanding the historical context is essential to appreciating the depth and purpose of these mystical invocations.

The Role of John Dee and Edward Kelley

John Dee and Edward Kelley played pivotal roles in the development of enochian spells. Dee, a scholar deeply invested in alchemy, astrology, and the occult, collaborated with Kelley, who acted as a medium or scryer. Through a series of séances and crystal gazing sessions, the pair documented a vast collection of angelic messages that included complex spells, invocations, and an entire linguistic system. These revelations were recorded meticulously in Dee's diaries and later became the foundation for modern enochian magic practices.

Historical Impact on Occult Traditions

The introduction of enochian spells significantly influenced Western esoteric traditions. The Golden Dawn, an influential magical society of the 19th and early 20th centuries, incorporated enochian magic into its rituals and teachings. Its use extended to notable occultists such as Aleister Crowley, who adapted the system for his own magical practices. The historical dissemination of enochian spells helped establish them as a cornerstone of angelic and ceremonial magic, bridging Renaissance mysticism with modern occultism.

The Structure and Language of Enochian Spells

The defining feature of enochian spells is the Enochian language, a purportedly angelic tongue composed of unique letters, words, and grammar. This language forms the basis of the spells and calls used in rituals. The structure of enochian spells is highly systematic, involving specific patterns, magical squares, and symbolic correspondences. Mastery of the language and its components is critical to effectively working with these spells.

The Enochian Alphabet and Its Significance

The Enochian alphabet consists of 21 letters, each with distinct phonetic and symbolic meanings. These letters combine to form words used in the spells and calls. The alphabet is not only a linguistic tool but also a mystical symbol system that encodes spiritual energies. Practitioners often inscribe these letters on talismans, magical tools, and ritual spaces to harness the power of the enochian system.

Magical Calls and Their Function

Enochian spells frequently consist of calls or "keys," which are invocations recited to communicate with angelic entities or to unlock spiritual gateways. These calls are structured sequences of Enochian words that carry specific vibrational qualities. Each call serves a particular function, such as invoking elemental forces, summoning angels, or accessing divine wisdom. The precise pronunciation and intonation of these calls are considered vital for their efficacy.

Use of Tablets and Sigils

Within enochian magic, tablets and sigils serve as visual representations of the spells' power. The tablets are grids containing letters from the Enochian alphabet arranged according to elemental and planetary correspondences. Sigils, derived from these tablets, act as focal points for magical energy during rituals. This symbolic structure supports the verbal components of enochian spells, creating a multi-dimensional magical framework.

Types and Purposes of Enochian Spells

Enochian spells encompass a wide range of magical intentions, from spiritual communication to elemental manipulation. Their use varies depending on the practitioner's goals and the specific calls employed. Understanding the different types and purposes of these spells enables more precise and effective magical workings.

Angel Invocation Spells

One of the primary uses of enochian spells is to invoke angels or higher spiritual beings. These invocations aim to establish contact with divine intelligences for guidance, protection, or knowledge. Angel invocation spells are often used in divination, spiritual healing, and acquiring metaphysical insights.

Elemental and Planetary Magic

Enochian spells also facilitate the manipulation of elemental and planetary forces. By invoking the corresponding spirits or energies associated with air, fire, water, earth, and various celestial bodies, practitioners can influence natural phenomena or enhance ritual power. Such spells are integral to broader ceremonial magic practices.

Protective and Banishing Spells

Many enochian spells serve protective functions, creating spiritual shields or banishing negative energies. These spells often involve specific calls designed to cleanse ritual spaces or safeguard practitioners from harmful influences. Protective enochian magic is a critical component of maintaining energetic balance during complex rituals.

How to Perform Enochian Spells

Performing enochian spells requires careful preparation, knowledge of the language, and adherence to ritual protocols. The complexity of the system demands discipline and respect for its spiritual origins. Proper performance enhances the effectiveness of the spells and ensures safe interaction with the invoked entities.

Preparation and Ritual Tools

Before performing enochian spells, practitioners must prepare both physically and mentally. This includes cleansing the ritual space, gathering necessary tools such as the enochian tablets, wands, and sigils, and centering oneself through meditation or prayer. Ritual tools often bear inscriptions of the Enochian alphabet and symbols to amplify magical energy.

Recitation Techniques

Accurate pronunciation and intonation of the Enochian language are essential. Practitioners typically learn the calls through repetition and vocal practice. The rhythm and emphasis can affect the spell's potency, making oral tradition a crucial aspect of enochian magic. Some rituals incorporate chanting or harmonic vocalizations to enhance spiritual resonance.

Integration with Other Magical Systems

Enochian spells are often integrated with other forms of ceremonial magic, including tarot, astrology, and Hermetic rituals. Combining these systems can deepen the magical experience and expand the range of effects. However, integration requires thorough understanding to maintain coherence and avoid conflicting energies.

Safety and Ethical Considerations

Due to the powerful nature of enochian spells and the entities involved, safety and ethics are paramount. Responsible practice ensures that magic is conducted with respect, intentionality, and awareness of potential consequences. Ethical guidelines help maintain spiritual integrity and prevent misuse of the enochian system.

Spiritual and Psychological Safety

Engaging with enochian spells can affect mental and emotional states. Practitioners should approach the

work with clear intent and grounding techniques to avoid psychological distress. Establishing protective measures and closing rituals helps safeguard against unwanted spiritual influences.

Respect for the Entities Invoked

Enochian magic involves communication with angelic beings, which requires reverence and proper protocol. Disrespect or careless invocation can lead to adverse experiences. Ethical practice includes acknowledging the autonomy and wisdom of these entities and using magic for constructive purposes.

Legal and Cultural Sensitivities

Practitioners must be mindful of cultural contexts and legal regulations regarding magical practices. While enochian spells are a form of spiritual work, awareness of local laws and social norms ensures respectful and lawful engagement with occult traditions.

Common Misconceptions about Enochian Spells

There are several misconceptions surrounding enochian spells, often stemming from popular media or incomplete understanding. Clarifying these myths helps foster a more accurate and respectful view of the enochian magical system.

Myth: Enochian Spells Are Dark or Evil

Contrary to some beliefs, enochian spells are not inherently dark or malevolent. The system is rooted in angelic communication and divine wisdom, aimed at spiritual growth and enlightenment rather than harm. Misuse or misunderstanding can lead to negative outcomes, but the spells themselves are neutral tools.

Myth: Anyone Can Use Enochian Spells Without Training

Enochian magic requires dedicated study and practice. It is not a casual or simplistic form of spellcasting. Proper training in the language, ritual structure, and spiritual context is essential to effective and safe use. Attempting to perform enochian spells without preparation can result in ineffective or harmful experiences.

Myth: Enochian Spells Guarantee Instant Results

Like most magical systems, enochian spells work through subtle spiritual influences rather than immediate, tangible outcomes. Success depends on factors such as intent, skill, and alignment with spiritual forces. Patience and ongoing practice are key to achieving meaningful results.

Enochian Spells: Unveiling the Angelic Language of Magic

Introduction: A Glimpse into the Angelic Realm

Enochian magic, a system of esoteric practices steeped in mystery and power, holds a unique position in the world of occultism. Unlike many magical traditions drawing upon classical or pagan sources, Enochian magic boasts a purportedly divine origin, claiming its roots in angelic communication received by John Dee and Edward Kelley during the Elizabethan era. This system, characterized by its complex language and powerful rituals, has captivated and challenged practitioners for centuries. Understanding Enochian magic requires delving into its historical context, appreciating the intricate linguistic structure of its core element – the Enochian language – and ultimately, mastering the ethical considerations and practical techniques required for safe and effective practice. This exploration aims to illuminate the path for those seeking to understand and work with this potent form of magic.

(H2) Chapter 1: Understanding the Enochian System: Deciphering the Angelic Tongue

The cornerstone of Enochian magic lies in its unique language, a complex system of alphabets and calls revealed through Dee and Kelley's purported angelic communications. These alphabets, unlike any known earthly language, consist of distinct characters, each imbued with its own vibrational essence and symbolic meaning. The primary alphabets are the 48-letter and 21-letter alphabets, crucial components for constructing spells and invoking specific entities. Beyond the alphabets themselves, Enochian magic incorporates complex tables and calls that form the structure of its rituals. These tables, often represented visually as squares or grids, are believed to represent different celestial realms and angelic hierarchies. Understanding the arrangement and meaning of these tables is paramount to successfully working with Enochian magic.

The study of the Enochian language is not simply an exercise in linguistics; it's a journey into understanding the symbolic and energetic forces it embodies. Each character and its placement within a call, table, or ritual carries significance that can affect the outcome of the spell. Therefore, meticulous study and careful interpretation are crucial for responsible use. Many resources are available for those embarking on this journey, including translations of Dee and Kelley's original texts and modern interpretations aimed at simplifying the complexities of the system. However, it's important to approach these resources critically, understanding that different interpretations exist, and that personal exploration and intuition play a vital role.

(H2) Chapter 2: The Keys of Solomon and Their Application: Bridging Traditional and Angelic Magic

While Enochian magic stands as a unique system, its practitioners often draw parallels and connections with other magical traditions, notably the Hermetic Order of the Golden Dawn and its relationship with the Keys of Solomon. This grimoire, a collection of magical texts and rituals, presents a rich tapestry of traditional magic, encompassing techniques for talisman creation, evocation, and divination. The connection to the Keys of Solomon highlights a possible bridge between traditional occult practices and the more overtly angelic approach of Enochian magic. Some practitioners incorporate elements from the Keys of Solomon into their Enochian rituals, believing that combining these systems enhances the power and effectiveness of their workings. This fusion isn't a mere amalgamation; it requires careful consideration of the correspondences and energies of each system. The key lies in understanding how the different symbolic languages and techniques complement each other. For instance, the use of sigils from the Keys of Solomon within an Enochian ritual could strengthen the focus and intention of the working.

(H2) Chapter 3: Working with the Angelic Intelligences: Ethical Considerations and Practical Techniques

Enochian magic is not a system to be approached lightly. Working with powerful angelic entities requires a deep understanding of ethical considerations, proper preparation, and precise techniques. Before attempting any Enochian ritual, it is crucial to establish a strong grounding and protective barrier. This might involve meditation, visualization, or the use of protective amulets. Equally vital is a clear understanding of the entity being invoked. Not all angelic intelligences are benevolent or easily controlled. Thorough research and a respect for the power being handled are paramount. Imprudent or disrespectful actions can lead to unforeseen and potentially negative consequences.

Practical techniques for evoking Enochian entities include the use of visualization, incantation, and specific ritual procedures. Some practitioners utilize tools such as scrying mirrors or specialized ritual spaces to enhance the experience and facilitate communication with the invoked entities. Importantly, maintaining a clear and focused intention is essential throughout the ritual process.

Ambiguity or wavering intention can weaken the spell's effectiveness or lead to unexpected outcomes.

(H2) Chapter 4: Spell Construction and Invocation: A Step-by-Step Guide

The construction of an Enochian spell is a precise and deliberate process. It involves selecting appropriate calls, tables, and potentially sigils, aligning them with the specific goal of the spell. The process often starts with defining the intention—the desired outcome. From there, the practitioner selects the relevant Enochian entities and constructs the call or ritual sequence tailored to invoke their assistance. This might involve the use of specific Enochian alphabets, creating sigils based on the names of entities, or employing specific geometric arrangements.

Invocation involves enacting the carefully constructed ritual sequence, often including chanting the Enochian calls, visualizing the desired outcome, and establishing a connection with the invoked entity. The effectiveness of the invocation hinges on the practitioner's focus, willpower, and understanding of the Enochian system. It requires a commitment to precision, accuracy, and a deep respect for the power being invoked.

(H2) Chapter 5: Advanced Enochian Techniques: Exploring Complex Rituals and Applications

Advanced techniques in Enochian magic delve into more complex ritual structures and applications, exploring the intricate interplay between the Enochian language, planetary correspondences, and sigil magic. This might involve working with multiple angelic entities simultaneously, combining Enochian with other magical systems, or creating powerful sigils based on complex Enochian calls. These techniques require a considerable level of experience and mastery of the foundational principles. Practitioners venturing into this area should possess a robust understanding of the ethical considerations involved, as the power involved increases significantly.

(H2) Conclusion: A Journey into the Angelic

Enochian magic offers a profound and challenging path for those willing to explore the depths of angelic communication and power. Its complexities and potential rewards demand a cautious and respectful approach. Mastering this system necessitates diligent study, ethical awareness, and a dedicated practice. However, for those who persevere, the rewards can be transformative, opening doors to a deeper understanding of the universe and the subtle forces that shape our reality. The journey into Enochian magic is a lifelong pursuit, one that requires continuous learning, careful consideration, and a commitment to responsible practice.

enochian spells: The Lost Art of Enochian Magic John DeSalvo, 2010-05-14 A practical guide to Dr. John Dee's angelic magic • Contains instructions for performing Enochian magic meditations • Examines John Dee's original diaries from the British Library Enochian magic is a powerful, ancient system for opening portals to heavenly realms and enabling the ascent to God. The basis for many of the modern systems of magic, including the Golden Dawn, Enochian magic is named after the biblical prophet Enoch, who received the same knowledge and wisdom that was later conveyed to the astrologer to the court of Queen Elizabeth I, Dr. John Dee, by angels in the 16th century. In The Lost Art of Enochian Magic John DeSalvo traces the history of magic--from the earliest civilizations of the Akadians and Egyptians through the Greco-Roman period and up to the

present time--to reveal how magic has penetrated and influenced our religious beliefs and practices today. Through his unprecedented investigation into the angelic magic of Dr. John Dee, during which time he deciphered Dee's original phonetic notations in the margins of Dee's 16th-century diaries, DeSalvo learned to properly reproduce the "Enochian calls," which act like mantras in opening higher realms and invoking angels, key to this type of magical practice. DeSalvo shows how to use Enochian magic for personal spiritual development and also as protection from negative energies.

Drawing on his in-depth study of John Dee's diaries, DeSalvo explains how Dee and Kelley were given the Enochian tables and calls but their communications with the angels were severed before they received the full practical instructions for Enochian magic. To this day, most magical groups improvise and make up rituals based on their own ideas and imagination--the magic they practice is not true angelic magic. After many successful Enochian magic rituals and years of his own spiritual work, DeSalvo has discovered additional key pieces to the magical system of Dee and Kelley, a system now known as Power Magic. He provides step-by-step instructions for more complete and accurate Enochian magic rituals and reveals how the angelic realm is only the first and farthest away of the spiritual realms surrounding God. He explains how to penetrate this angelic realm with Power Magic to reach higher spiritual worlds and receive more powerful knowledge and energy. He shows that by connecting with the higher worlds beyond the angels, we can tap more fully in to the magical power of the Divine and begin restoring the planetary magic of our most ancient ancestors.

Over the next three years, they revealed to Dee and Kelley three distinct magickal systems of vision magick. Here, Lon Milo DuQuette introduces the origins of Enochian magick and offers the expert and novice alike the opportunity to see not only the big picture of the full system but also the practical means by which he or she can become attuned in the same step-by-step manner first prepared by Dee and Kelley.

enochian spells: *John Dee's Five Books of Mystery* John Dee, Joseph H. Peterson, 2003-01-01 Discovered in a hidden compartment of an old chest long after his death, the secret writings of John Dee, one of the leading scientists and occultists of Elizabethan England, record in minute detail his research into the occult. Dee concealed his treatises on the nature of humankind's contact with angelic realms and languages throughout his life, and they were nearly lost forever. In his brief biography of John Dee, Joseph Peterson calls him a true Renaissance man? detailing his work in astronomy, mathematics, navigation, the arts, astrology, and the occult sciences. He was even thought to be the model for Shakespeare's Prospero. All this was preparation for Dee's main achievement: five books, revealed and transcribed between March 1582 and May 1583, bringing to light mysteries and truths that scholars and adepts have been struggling to understand and use ever since. These books detail his system for communicating with the angels, and reveal that the angels were interested in and involved with the exploration and colonization of the New World, and in heralding in a new age or new world order. While Dee's influence was certainly felt in his lifetime, his popularity has grown tremendously since. His system was used and adapted by the Hermetic Order of the Golden Dawn, and subsequently by Aleister Crowley. This new edition of John Dee's Five Books of Mystery is by far the most accessible and complete published to date. Peterson has

translated Latin terms and added copious footnotes, putting the instructions and references into context for the modern reader.

enochian spells: Decoding the Enochian Secrets, 2010-12-21 The ultimate source text of Enochian Magic never before available in book form • Contains the actual and complete Tables of Enoch given to Dr. John Dee by the Angels • Explains the difference between Dee's Tables of Enoch and the apocryphal Book of Enoch • Includes directions for powerful magic rituals and meditations using these tables • Presents a reconstruction of the possible 49th missing Table of Enoch Originally considered a vital part of inspirational literature used by the early church, the Book of Enoch never made it into the cannon or accepted books of the Old Testament because of its strange and mysterious content about Enoch's experiences in the higher realms, or heavens. The real Book of Enoch, which is a set of almost 100 mystical tables, was given again to humankind in the 1580s, when it was conveyed directly by angels to Dr. John Dee, a 16th-century mathematician, scientist, occultist, and the astrologer of Queen Elizabeth I. Called "the most important book ever given to man by God" by Dee's angelic messengers, the Book (or Tables) of Enoch is said to hold all the secrets of heaven and earth and the physical and spiritual realms. Decoding the Enochian Secrets reproduces for the first time ever the exact and complete copy of these tables, which are housed in the British Library. The tables are written in the handwriting of Dr. Dee and Edward Kelly, Dee's assistant and scribe. The tables also include the phonetic pronunciations, written by Dee in the margins, of all the magical Enochian Calls. Covering the history of this Book or Tables of Enoch, John DeSalvo explains the difference between these tables and the apocryphal Book of Enoch and examines how later magicians such as Aleister Crowley used them. Including Enochian Magic Meditations and rituals, Decoding the Enochian Secrets presents the source text to the most powerful form of magic known to mankind.

enochian spells: The Complete Enochian Dictionary Donald C. Laycock, Edward Kelley, John Dee, 2023-06-05 The complete reference for understanding the Enochian language ("the language of the angels"), the proper pronunciation of the letters of the Enochian alphabet, and the use of evocations to call forth celestial beings and perform Enochian magic. In 1581, Dr. John Dee,

an advisor in the court of Queen Elizabeth I, began a series of scrying experiments intended to explore the ability to contact the spirit world. With Edward Kelley acting as the medium in these experiments, Dee was able to record these communications as they were transmitted in Enochian, the language of the angels. Dr. Dee's efforts furthered the development of the system of Enochian magic and his methods of invocation have been taken up and expounded upon by Aleister Crowley and many other magicians. Donald C. Laycock has thoroughly analyzed the work of Dee and Kelley. In this volume, he recounts the history of their experiments. He provides a pronunciation guide for the twenty-one letters, significant to untangling both the meaning and the derivation of the messages handed down from Dee and Kelley, and an essential Enochian/English and English/Enochian dictionary. The result is a fascinating linguistic and magical mystery story integral to any study of the Enochian tradition. This new edition of Laycock's work includes a new preface by Stephen Skinner that sets the tone and historical context for today's readers. Lon Milo DuQuette's foreword gives a delightful and edifying description of how he and his students put *The Complete Enochian Dictionary* to the test with astonishing results. This book is a must-have for any serious magician's library.

enochian spells: *Angel Spells* Maria D' Andrea, Sean Casteel, William Alexander Oribello, 2014-11-07 NOW IT IS POSSIBLE TO SPEAK DIRECTLY TO AN ANGEL - IN THEIR OWN LANGUAGE - TO REQUEST ** GUIDANCE -- ** PROTECTION -- ** LOVE -- ** FINANCIAL REWARD -- ** RELIEF FROM ANXIETY AND STRESS -- - A RETURN TO SOBRIETY AND A RELEASE FROM ALCOHOLISM AND DRUG ADDICTION AND BY GOD'S DIRECTIVE THEY MUST FULFILL YOUR REQUEST! For centuries, man has sought to reach out to God's servants and messengers in a real-world, palpable way that leaves no room for spiritual doubt. In the time of Queen Elizabeth I in England, world famous occultist Dr. John Dee and his helper, Edward Kelley, developed a system for contacting angels that came to be called Enochian Magick. Dee's system has survived the centuries and been passed down to us. *ANGEL SPELLS - THE ENOCHIAN OCCULT WORKBOOK OF CHARMS, SEALS, TALISMANS AND CIPHERS* offers the reader a history lesson on Dee's method for contacting angels, including its origins in the Jewish and Christian mystical traditions. The book includes an exclusive interview with author Aaron Leitch, who still practices Dee's methods over 400 years later. For those not quite ready to dive into the more complex aspects of Enochian Angel magick, simpler - but just as effective - methods are taught here by psychic Maria D'Andrea, who provides step-by-step instructions to petition specific angels for help with any problem, large or small. A dozen talismans created by Ms D' Andrea are provided each corresponding with a different Arch Angel. And as a bonus supplement, we have included Bishop Allen Greenfield's classic work, *SECRET CIPHER OF THE UFONAUTS*, to assist in contacting angelic aliens in their own language and to aid in decoding what they have spoken to us! This fascinating work includes all the talismans and symbols and ciphers you need to set up your own angel altar so that you may proceed with contacting the celestial kingdom in an organized effort.

enochian spells: *The Enochian Evocation of Dr. John Dee* Geoffrey James, 2009-06-01 Based on the transcriptions of Dr. John Dee, the famous Elizabethan scientist and magus, *The Enochian Evocation of Dr. John Dee* is the translation of the original material received from direct Angelic contact. In 1852 Dee and his partner Edward Kelly, while gazing into a crystal stone, began to see and hear angels. These beings desired to re-establish the true art of magic, which had been lost due to man's wickedness and ignorance. The true magical art, these beings claimed, would bestow superhuman powers upon its practitioners, change the political structure of Europe, and herald the coming of the Apocalypse. Dee believed this research would greatly benefit mankind and documented all of the channeled information into a series of manuscripts and workbooks. Author Geoffrey James presents here the direct translation of the core of the channeled material itself, framed in a historical context, with authority and integrity.

enochian spells: The Magic of the Sword of Moses Harold Roth, 2022-08-01 A practical guide to the famed medieval book of pre-kabbalistic Jewish magic, freshly interpreted and revealed for the first time with instructions on how to use the spells. The Sword of Moses is one of the earliest Jewish magic books, which describes a rite for adjuring angels to assist in controlling and wielding the Sword of Moses for magical purposes. The rite involves a short period of purification and then the adjuring of four sets of angels, each higher than the last. These angels in turn give the magician the power to control the Sword through a series of divine names that work as magical spells. The spells, 137 in all, have a wide variety of uses, including healing, harm, love, sex, exorcising demons, divination, and more. This work was first translated by Moses Gaster in 1896, but he removed many of the spells, making the text unusable for magic. The Magic of the Sword of Moses is the first book to show in detail, exactly how a magician can use the Sword—how to do the purification ritual, adjure the angels, and pronounce and use the divine names for each spell.

enochian spells: *Magic, Power, Language, Symbol* Patrick Dunn, 2008 All forms of magic are linked to language. As a magic practitioner and a linguist, Patrick Dunn illuminates this fascinating relationship and offers breakthrough theories on how and why magic works. Drawing on linguistics and semiotics (the study of symbols), Dunn illuminates the magical use of language, both theoretically and practically. He poses new theories on the mechanics of magic by analyzing the structure of ritual, written signs and sigils, primal language, incantations across cultures, Qabalah and gematria (Hebrew numerology), and the Enochian vocabulary. This revolutionary paradigm can help magicians understand how sigils and talismans work, compose Enochian spells, speak in tongues for magic, create mantras, work with gematria, use postmodern defixios, and refine their practice in countless other ways. *Magic, Power, Language, Symbol* is a unique tour de force that reinterprets the very nature of magic—placing it within the modern sciences of symbolism (semiotics) and language (linguistics). Within this paradigm, Dunn explains something that most other books miss: a logical and scientific understanding of how and why real magic actually works.—Donald Michael Kraig, author of *Modern Magick*
