Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... The far-reaching commercial and social implications of decisions made in invisible or opaque specialist fields should concern every citizen. This book argues that decisions should be based on an understanding of the systems, technology and environment within which they operate; that experts and ordinary people should work together; and that technology and law are evolving in restrictive rather than enabling ways.
